Desultory.

SECTARIAN SCHOOLS .- It is essential to the prosperity, not to say the peace of the country, that its heterogenous population, so widely separated by their European origin and prejudices, should be brought together and rendered more homogenous. What power on earth can do this so effectively as the plastic power of education, oper- MEDICAL HALL, ating on the hearts and minds of our children, brought together in a common school? The men of America, especially her men of foreign birth, may never be so reconciled. Does any man in his senses wish to see the different races and sects of our country driven farther and farther apart by separating their children from their very cradle? The deepest of all differences on earth are religious PATENT MEDICINES of every description now before differences. And would you like to widen the the public. breach now existing by shutting up all the children of this broad land in separate ecclesiastical schools, where all the knowledge they get, both secular and sacred, shall be beat and distorted to suit the narrow view of each church creed-a Presbyterian history, a Methodist grammar, a Baptist chemisbry, an Episcopal arithmetic, a Roman Catholic astronomy-and all enforced with all the zeal that a rival bigotry can impart-and all done in joint partnership with the state? May our children and our country ever be delivered from such an ture Varnishes.

We think they exaggerate the danger of the public schools .- Louisville Journal.

LEPERS .- Bayard Taylor, on his way to Bergen, in Norway, says :-

"We took on board four or five lepers on their way to the hospital at Bergen. A piece of oil cloth had been thrown over some spars to shield them from rain, and they sat on deck avoided by other passengers, a melancholy picture of disease and shame. One was a boy of fourteen, upon whose face wart-like excrescences were beginning to appear, while a woman, who seemed to be his mother, was hideously swollen and disfigured. A man, crouching down, with his head btween his hands, endeavored to hide the seamed and knotted mass of protruding blue flesh which had once been a human face. The forms of leprosy, elephantiasis, TINDER this title the subscribers are now doing busi and other kindred diseases, which I have seen in the East, and in tropical countries, are not nearly so Engine, &c. &c., they are prepared to manufacture all horrible. For these unfortunates there was no hope. Some years more or less of a life which is worse than death, was all to which they could look | Chair, Cabinet and Joiner Work, terrible disease. SALT LAKE CITY DEPOPULATED .- According to information furnished the St Louis Republican by a correspondent at Salt Lake City, there is scarcely a vestige of its Mormon residents remaining.-Of its 15,000 inhabiants, there are scarcely one hundred left. He writes that they have all emigrated to a small town about fifty miles south, called as follow: Provo, where they live, some in tents, some in wagleave the city which they have been for the last Towels, Table Covers, Thread, Buttons, Cotton Wick, and ten years attempting to build. The roofs of the a good assortment of Blue and White Cotton Warps. public works, the floors of the houses and all the board fencing, have been used in boarding up the doors and windows of the houses. All appears de-knives, and Combs, Steel Pens, Woodstock Pipes, Pins, solate—hardly a person can be seen, save about Needles, Bedcords, Coffin Cord, Coffin Mounting, with a the post-office. and about a small, but neat restau- good assortment of Crockery. rant, which is the only place of accommodation in the city, and it only affording relief in the way of meals. Not a cent's worth can be bought here, co Molasses, Tea, Tobacco, Rice, Soap, Candles, Coarse nor can any work be procured from the manufacturing establishments. One baker shop embraces all the trade and commerce of the city.

WHERE MOSQUITOS COME FROM .- These pests of summer proceed from the animalcules commonly in the summer's sun for a few days; a number of inch in length, remaining longer at the surface as smallest amount of money, the largest amount of SEA-they approach maturity, as if seeming to live on SONABLE AND FASHIONABLE they approach maturity, as if seeming to live on influences derived from the two elements of air and water; finally they will assume a chrysalis form, and by an increased specific gravity sink to the bottom of the bowl. A few hours only will elapse, street, when a short black furze or hair will grow out on every side of each, till it assumes the form of a est breath of air. In a short time a fly will be ever offered in Woodstock. hatched and escape, leaving its tiny house upon the surface of the water.

Coverousness. - Covetousness pretends to heap much together for fear of want; and yet after all his pains and purchase, he suffers that really which at first he feared vainly; and by not using what he gets, he makes that suffering to be actual, present, and necessary, which, in his lowest condition, was but future, contingent, and possible. It stirs up the desire, and takes away the pleasure of being satisfied. It increases the appetite and will not Window Glass, Putty, Earthenware, Cut Glassware, content it. It swells the principle to no purpose, Se. and lessons the use to all purpose; disturbing the order of nature, and the designs of God; making meet the exigencies of the times.

All of which will be disposed of at the lowest rates, to Union-street, between Charlotte and Sydney order of nature, and the designs of God; making meet the exigencies of the times. money not to be the instrument of exchange or charity, nor corn to feed himself or the poor; nor wine to refresh the sadness of the afflicted, nor oil to make his own countenance cheerful; but all these to look upon, and to tell over, and to take accounts by, and make himself considerable and wondered at by fools, that while he lives he may be called rich, when he dies may be accounted miserable, and, like the dish makers of China, may leave a greater heap of dirt for his nephews, while he himself hath a new lot fallen to him in the por- Bangor. tion of Dives. But thus the ass carried wood and sweet herbs to the baths, but was never washed or stock every Monday, Thursday, and Saturday, at 8 P. M. perfumed himself; he heaped up sweets for others nesday, and Naturday, at 4 P. M. while himself was filthy with smoke and ashes.

ALARMING Symptoms of a Sickly Summer.

THE Summer and Fall of 1858 will be marked in the records of time as the most sickly and unhealthy of seasons that have visited this continent for many years. Malarious diseases, in their most malignant and violent forms, will prevail as epidemics in sections of our country that have been deluged by the late overflowing of rivers, creeks and bayous, and drenched by the recent heavy rains.

YELLOW FEVER, TYPHOID FEVER, BILIOUS FEVER AND AGUE, CONGESTIVE FEVER, IN-TERMITTENT AND REMITTENT FEVERS, CHO-LERA, FLUX-DYSENTERIES, SUDDEN ATTACKS day.
