### HOLLOWAY'S OINTMENT

The Great Counter Irritant!

THE virus of disease often makes its way to the inter-I nal organs through the pores of the skin. This pethe seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countiess tubes that communicate with the skin. as summer rain passes into the levered earth, diffusing its cool and regenerating influence

Skin Diseases and Glandular Swellings.

Every species of exterior irritation is quickly reduces by the anti inflammatory action of this Ointment. Angry ITCH), &c., die out, to return no more, under its applica\_ tion. Hospital experience in all parts of the world proves its infailibility in diseases of the skin, the muscles, the joints and the glands.

#### Ulcers, Sores and Tumours.

The effect of this uprivalled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent.

Wounds, Bruises, Burns and Scalds.

In cases of the fracture of the bones, injuries caused by steam explosions, BRUISES, BURNS, SCALDS, RHEU-MATISM, STIFFNESS OF THE JOINTS, and contraction of the sinews, it is employed and warmly recommended by the faculty.
