The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age pos sesses, and their effects show they have virtues which surpass any combination of medicines hitherto-known. Other medicines do more or less good ; but this cures anything which men have known before. By removing

the obstructions of the internal organs, and stimulating Average crops in New Brunswick, compared them into he dthy action, they renovate the fountains of infe and vigor .- health courses dnew through the body, and the sick min is well again. They are adapted to disease, and disease only; for when taken by one in health her produce but little effect. This is the perfection of

medicine. It is antagonistic to disease, and no more. Teader children may take them with impunity ;-- if they are sick, they will cure them; if they are well, they will do them no hard.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength' again; see his long-lost appetite return; see his clammy leatures blossom into health. Give them to some sufferer whose foul blood has burst out in screlula till his skin is covered with sores-who stands. on as genuine and true to their kind.

under them; see the late leper that is clean. Give them to hun whose angry humors have planted rheumatism in his joints : move him, and he screehes with pain. He too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood ; they may not cure him, for, ains! there are cases cured him Give them to the lean, sour, haggard dyspep. tic, whose gnawing stomach has long ago eaten every spile from his face and every muscle from his body. See his appetite return, and with it health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away : want of exercise, or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assumilation or secretion till they do their office ill. Her blood is vitiated, her health is zone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. PERISTALTIC LOZENGES, A POSITIVE CURE FOR

Costiveness and Dyspepsia!

THE Proprietor, by the advice of the leading phy I sicians of Boston, is introducing his Peristaltic Lozenges throughout the country. They are tonic as well as laxative, and differ from all physical pills. They are superceding every other remedy for costiveness and its results, viz.

PILES, HEADACHE, DIZZINESS, BILIOUSNESS, OPPRESSION OF POOD, FLATULENCE SICK HEADACHE, PALPITATION,

LIVER COMPLAINT.

They are safe and effective for Females who suffer from costiveness, giving tone to the whole system. For Irregularities and Suppressions, especially of young persons having little exercise, they are most

effectual, giving color to the blood, and restoring

Galvano-Electric Regenerator,

A MEDICAL REVOLUTION ! THE WORLD UNANIMOUS!

HOLLOWAY'S OINTMENT

The Great Counter Irritant!

THE virus of disease often makes its way to the inter-I nal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and, reaching: the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surfacenicate with the skin, as summer rain passes into the tevered earth, diffusing its cool and regenerating influence

Skin Diseases and Glandular Swellings.

Every species of exterior irritation is quickly reduced by the anti iniammatory action of this Ointment. Angry joints and the glands.

Ulcers, Sores and Tumours.

The effect of this unrivalled external remody upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent.

Wounds, Bruises, Burns and Scalds.

In cases of the fracture of the bones, injuries caused by steam explosions, BRUISES, PURKS, SCALDS, RHKU-MATISM. STIFFNESS OF THE JOINTS, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in person into all the leading hospitals of Europe, and no private holiseuold should be without it. UNDENIABLE TESTIMONY. In 1851 the number of passengers was eighty-one millions; in 1852, it was eighty-nine millions; in 1853, one hundred and two millions; in 1854, one hundred and fourteen millions; in 1855, one hundred and eighteen mil-236 persons having been killed and 738 injured on attention to those Labrador HERRINGS, which I have A Sure Cure for HORSE AIL, and other Diseases railways in Great Britain and Ireland in that year. taken so much pains to procure. Of these casualties comparatively few were sustained by passengers. For every passenger that was killed, 2,791,686 escaped fatalities; and for each one who was injured, 20,743 completed their journeys in safety. Of the servants 75 were killed and 34 injured owing to their own misconduct or want of caution, and only 18 killed and 39 injured from causes over which they had no control. Of the accidents which arose to persons who were neither passengers nor servants, 54 lost their lives and 14 were injured while trespassing, and six committed suicide ; 25 were killed and 5 injured at level crossings, and 10 lost their lives while attending to their lensiness on or near railroads. When we consider the vast amount of mechanical power in play amid whinery, we may justly regard the measure of safety attained as a triumph of skill and managioent, of which the age may be justly proud.

G. W. STONE'S VEGETABLE IQUID CATHARTIC.

THE public do not require to be told that a mild, safe and reliable cathartic, in a liquid form, agreeable to the taste, and one which purges without violence, is a drsideratum in medicine ; this fact will be admitted by all. Such . discovery has been often attempted, but without success, until the introduction of the above-named remedy. No patent medicine ever met with such ready approval by physicians as this. Many regular practitioners are asing it daily, all of whom have spoken of it in the highest terms of praise. Persons, for the want of a better, have been obliged to resort to the use of those drastic, nauseous, and oftentimes injurious purgatives, such as castor oil, salts, senna, rhubarb, jallop, aloes, gamboge, &c., all of which cause more or less debility, and fail to accomplish the object for which they are taken ; on the contrary, they often increase the difficulty, and rouder the patient less curable. None of these enter into the composition of this invaluable remedy. It is composed of barks, roots and seeds, the medical properties of which are exactly adapted to the cure of those complaints for which it is recommended. By a combination of those properties, the public were put in possession of the most valuable pre-paration ever produced. This medicine is not intended simply as a cathartic; its value as such is insignificant all humors, regulating the action of the bowels, curing tion of the Liver, freeing the stomach from bile, and invigorating and strengthening the whole system. It is a certain cure for the Piles, and those suffering from that complaint should give it a trial. It is also warranted to cure canker in its worst forms. For all diseases of the Bowels it cannot be recommended too highly. In Summer

Complaints, such as Dysentery, Diarrhœa, Cholera Mor-bus, &c., it will be found invaluable. Reader, as sure as the sun rises in the cast, just so sure

you will be benefitted by the use of this medicine for any of the above complaints; and as surely will it relieve those suffering from Rheumatism, Neuralgia, Tic Dolcureux, Gout, Headache, and Pain in the Side and Stomach, caused by Flatulency. Loss of Appetite, Indigestion, general Debility, &c., is often produced by wind in the Stomach. which this remedy will expel at once.
