Throughout the entire country, in every state and city, and indeed almest every hamlet it contains, CHERRY PECTORAL is known as the best of all remedies for diseases of the throat and lungs. In many foreign countries it is extensively used by their most intelligent physicians If there is any dependeace on what men of every station certify it has done for them; if we so trust our own senses when we see the dangerous affections of the lungs yield to it: if we can depend on the assurance of intelligent physicians, whose business to bo knew; in short, if there is any reliance upon any thing, then is it irrefutably proven that this medicine does cure the class of diseases it is designed for, beyond any and ali other remedies known to mankind. Nothing but its intrinele virtues, and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.
