A Dog STORY FOR THE HOLLER DAYS - Go in Tige! The residents of North Water street, Geneva, New York, were afforded no little amusement. a few days since, by the incidents narrated to us in being unusually large, and having been selected with substance as follows :

A countryman the owner of a large but unusually good-natured dog, drove into town on the day It consists in part of a SPLENDID ASSORTMENT of stated. Near the railroad crossing on Water-street Tiger fell into bad company and a regular muss ensued. Taken suddenly, and almost unawares. the countryman's dog seemed hardly to comprehend whether it was a 'free fight' in earnest, or only the rough sort of play of village 'hounds' until he found himself in a 'throat to mouth' contest with a regular fighting character, in the share of a re galar kill dog, and getting the worst of it. His master, however, by this time comprehended the nature of the muse, and springing from his wagon, caught the bull dog by his . narrative' and endeavoured to separate them.

· Let that dog alone, or I'll lam you over the head!' growled a rough and excited looking cus tomer standing by, who proved to be the owner of

'Oh, then you want there to fight, do ye! ejaculated the homespun, dropping the end; and then at the top of his voice, shouted, 'Go in, Tige!' And Tige did . go in.' Instantly the tide of battle was turned. Tige secured and was making good use of his vantage-ground, when Bull's owner sud-

denly became converted into a peacemaker. Suit-

ing the action to the idea, he made a feint to release his dog from the vicelike jaws of Tiger.
Let that dog alone, or I'll lam you over the head!' shouted the countryman; and he straitened up and swelled out to such huge proportions, that ' Rockstreet' desisted, terror-stricken at the menace.

Tiger pursued his work in hand until the pitieous \*ki yi!' of his assailant seemed to produce pity in the dog's heart of the former, for he relaxed his hold and the latter slunk away, with the appearance of three legs behind.

As the countryman jumped into his waggon, he called out to bull dog's master, 'whenever you want another fight, just say the word as me and Tige allers travel together!"

THE CROW OF CEYLON. - In the Island of Ceylon there is to be found a very cunning and sensible crow, somewhat smaller than our own native one, having a glossy back, and altogether an engaging pretty bird. Now, in the yard of the Governor of Ceylon, a dog was one day amusing himself by gnawing a bone, the scraps of meat upon which attracted the attention of one of these crows. It alighted on the ground hopped around the dog and bone, and evidently waited for an opportunity of do.; 15 hhds Porto Rico and 10 do Clayed Molasses; 40 seizing the latter. Drugs, Medicines, &c.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon

their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or

are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and Salt Rheum, Scald Head, Ringworm, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and. indeed, ALL COMPLAINTS ARISING FROM VITIA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIO, are so composed that disease within the range of their action can rarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so

simple and inviting. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction

Ayer's Cherry Pectoral,

FOR TUE RAPID CURE OF Coughs, Coids, Juffuenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

disease. So wide is the field of its user liness and so numerous are the cases of its cures, that almost every section of country abounds in person s publiely known, who have been restored from alarn ung and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to
