SATURDAY, SEPTEMB'R. 8, 1860.

St. Andrews and Quebec Railway. We find in the Reporter of last week the followreaders have not long since become disgusted with the very name of this subject, they will perhaps like event of a sale taking place, it will not be policy for the Province to become the purchaser. We are eyes to the process. well aware of the difficulties and dangers which surround the undertaking of such a work by any Government, but the question with reference to the St Andrews and Quebec rail road is a peculiar one. Here is a road, a large part of which is completed, Canada-it is now within twenty-five miles of the St. John at a central point, and either the Govern- it may be to Messrs Baxter & Co. ment, looking at present probabilities, will have to have invested, or else will have to lose all the inter- interesting item in relation to this subject :est at present involved in it, while the country will New Brunswick and Canada Railway .- We are fellow-beings? rendered pennyless.

There would be no question as to the proper policy of the Government in this matter, were it not road to Woodstock. Mr. Marsh will probably have lage-but we grieve to say it, the number of memfor those local, sectional feelings of jealousy which the contract for finishing the balance of the road, bers attending these divisions is small. We have surround the question of "route" in connection and the management of the entire business of the with Provincial rail roads. It may be, however, believe that Mr. M. is fully competent for the task this must be ignorance of the existence of these that the coming session of our Legislature will rise before him, and under his superintendence the af- Divisions. We think every one loves what is good, se far above these influences as to look at and decide fairs of the road will be judiciously and economical- and consequently the principles of our order, "Love, this matter in that spirit and in that way which we, with our prejudices, cannot but consider right. The following is the communication referred to :-

3 Old Square, Lincoln's Inn. 1st August, 1860. MY DEAR MACDONNELL .- Some time since you wrote a letter to Herapath, with the object of eliciting for a friend of yours, information concerning an alleged contract for the completion of the remaining 25 miles of the New Brunswick Railway.

the subject, which you are at liberty to send to your friend, or if you please, to publish for the general

benefit of contractors and shareholders. port, in which shareholders were told that the contractors who had undertaken to complete the Railpurpose of discharging divers judgment debts and other liabilities contracted under their direction, but which the Company has no funds to meet.

them all that there was to tell, went on to tell them that the said contractors would gladly have performa sum at the outset how could they be proper persons to be trusted to carry out a contract which

Walter Shanley) were men of established position. was convinced that the Chairman must be under some prudent contractor being unwilling to advance to 55, the meeting was held. the Directors a single shilling on the security of the New Brunswick Company's Debentures, or to take such profits to be calculated on the average of the traffic receipts on the 65 miles already opened amounted to less than 50 per cent of the working shewing, in well formed letters, expences. He also pointed out that of the 10,000 therefore could not be made available as a security holders pointed out that the contract which the directors had themselves printed, and in June last brought under the notice of the Court of chancery as the materially to the pleasure of the occasion, wereonly to the certain works and receive from the Com-

printed Contract (brought before the Court of Chancery in the preceding month) did not say one word about the advance of £15,000 required to pay off who presided; Rev. Messrs. Sanderson, D. D. Curthe judgement debts and other liabilities of the Com- rie, Elder Curry, J. Harvey, Hews, Jewett, Blakepany. From the Chairman's explanation I collect- ney, G. W. Curry, Esq., and the Editor. Of the ed that there was a second contemporaneous Contract for the advance of money, in other words a speeches we can only say they were quite equal to secret treaty, which appears to have been withheld tea-meeting speeches generally. Between the speechfrom the Court of Chancery, inasmuch as the said es music was introduced. After the speeches came 19th Vic. Chapter 19, was formerly witheld when an auction of the "whole cakes," flowers, &c., at the other Acts of the Company were exhibited.

raise £15,000, an inabibity as to which the names may be judged of when we state that a small boquet of the contractors will enable all persons whom it brought \$7. The whole sum realized was about entered into with two different and previous sets of more space to this meeting than is usual to such; mutual recrimination between the Contractors and but we have done so because we seldom have an option of these often attempted 25 miles and to take ately consider it in all its appointments the most payment on debentures of the company.

that one share gave him the same legal right to the company happy, was B. Beveridge and his estishareholder pointedly observed that the Chairman mable lady, to whom with our host Newcomb and speak his mind as 100 would do. Thereon another prospectus and in subsequent reports had held ont attention during our visit. On the following day the as their Chairman a nobleman who did not hold the Sunday scholars were regaled handsomely. In leavlike manner held out as Directors other persons, for ing this subject we wish success to Tobique and its necessary qualification of a Director, and had in instance Mr. Crawshay Baily who never held a sin- people, and while from its natural position it is most gle share in the company, but whose names inspired attractive, we trust that its happy people may ever confidence and induced the public to take shares .-It was further explained to the meeting that their present Chairman on the 31st of December 1857, most in every good word and work. though officially informed that he did not hold any qualification as a Director, took upon himself to preside at the general meeting of that day, and in advertising columns, of the Tea Meeting to be held his (affected) capacity of chairman, signed the sealed List of Shareholders—his own name not being on

in my hands it appears that at the last general meet- time.

ing the same Chairman informed a shareholder, on his mentioning the incontrovertable fact that the Company in November 1857 borrowed over £5,000 from its New Brunswick Bankers, and referring to shareholder stated not only what was false, but what he well knew to be false, a remark which the Chair-

man repeated twice. I left the meeting before it was over in extreme disgust with the management of the Company's affairs, railway. There is, no doubt, a crisis near at hand persons who had been misled by their representain the affairs of the rail road, and the question as to which the directors through their Chairman treat help such a set of Shareholders, they are being led like sheep to the slaughter, and prefer shutting their

Ever yours very truely, THOMAS HUGHES

P. S .- You will see by the printed accounts that the Directors during the last two half years have squandered close upon £4,000 in litigation-and that road running in the right direction—that is towards good natured Contractor to lend them £15,000 on

lose all the prospective advantages to be derived gratified to learn that recent negotiations have refrom the completion of the road, and thousands of sulted in very favorable prospects for the resumption faith upon the business to grow out of the road, be acting with Geo. AFFAIRS IN EUROPE.

Latest accounts show that his Holiness, the Pope, leads no "happy life." On the contrary, he appears to be exposed to "every care and strife" sible for any Pope or other human being to be exposed to. He has written a "melancholy" letter to a French Cardinal, in which, we are informed he "gives up all as lost." We presume that he means that there is every probability of the ancient pontificial power being destroyed.

There was nothing new respecting the Syrian massacres, except that the Sublime Porte had made a seats filled with elegantly dressed people. Near the rather heavy; rates unchanged decided move in the matter, by sending a strong body of troops into the disturbed districts. Many of the chiefs of the Druses had been arrested, and many more arrests were expected to follow.

counts from Berlin, have come to an agreement of considerable importance regarding Italian affairs.— It is expected, doubtless on good grounds, that Gariand lay the stone. This was in the centre of the baldi, as soon as he has done his work in Naples masonry, at the entrance of the tube, at the top, will go to the help of the Venetians. In that event, Austria will, of course, take the field, confining her near the spot, entered the space above mentioned, operations, however, it may be presumed, to the and ascended the steps of the platform, Hon. John territory of Venice. She does not ask any aid, even Ross leading the way. On the platform, which should "all Italy" come against her, an expression which seems to anticipate a war not merely such as as the Royal party were grouped, handed him a that which Garibaldi, representing no State, has silver trowel wherewith to spread the mortar, which waged against the Neapolitan Government, but a H. R. H. did in the workmanlike manner. Then war by that nascent Kingdom of Italy of which Victor Emmanuel is the predestined head. The main which completed the ceremony. The Prince then point in the new intelligence is, that in the event of descended and took his seat, along with a numerous interference by another "Great Power," Prussia body of officials, in a beautiful car built especially engages to come to the help of Austria. Of course this is pointed against any such interference by Prince placed the last rivert of the bridge in its place, France on behalf of Venetia as she made on behalf which was hammered in by a chosen body of mechan-

The notice of the Volunteer Review in Edinburgh occupies a large share of our space this week, to the exclusion of much interesting matter. The report of such a splendid display, however, will amply compensate for paucity in Scottish news. It is conthat a finer body of men never appeared upon any sward, anywhere, than the Scottish Volunteers .-Such a pretty sight was" never sat before a queen,' and never was there a queen more worthy of enjoying such a spectacle as that presented in the Queen's Park on the 7th August.

REMARKABLE ATTACK BY A SWARM OF BEES .- A singular occurrence took place at Astrim, Michigan. Genoa for Sicily. on the 2d inst., which is thus related by the Detroit

"A swarm of bees, belonging to a Mr. Decker, came out of the hive in great fury, and attacked a man by the name of Munger, who was crossing the field at the time, some thirty or forty rods off. He undertook to flee to the woods, but the bees were before and behind him so thick that he found it impossible to run. He then commenced to fight with hat and hand, but he was very soon overpowered, and fell down with faintness, and would soon have died had not a son of Mr. Decker-who was at this time approaching from another direction-rushed to the rescue, when the stingers left Munger and commenced an attack upon young Decker, who fled with all speed to a shed or granary, in which was a favorite shepherd dog chained. The bees immediately left the young man and attacked the poor dog with such fury as to deprive him of life before be could be let loose. It is said the dog actually killed more than a quart of bees in his vigorous defence. Mr. Munger | where, and especially in the western country. and Mr. Decker were in a dangerous state for some
