On Friday, 29th inst., Mrs. Ocksler, wife of the proprietor of a bone boiling establishment on the 9th ward of Brooklyn, N. Y. met with a horrible peath. About ten o'clock she went into the boiling room and undertook ton one of the the large cauldrons of bailing fat, when by somo means she lost her balance and fell forward into the boiling liquid. She lived but four hours after her husband drew her out of the cauldron.

DIED.

In Woodstock, on the second inst., Mrs. John Speers, in the eighty-third year of her age.

At Brighton, of Consumption ; July 31st., Amelia Jane beloved wife of Henry A. Day, and eldest daughter of Mr. George Hayward, in the 24th year of her age. In her lingering sickness she was perfectly resigned to the will of her Heavenly Father, patiently waiting when this mortal shall have put on immortality and death should be swallowed up in victory. She has left an only infant daughter, and an afflicted husband and sorrowing parents and friends to mourn their bereavement. Her funeral was attended by the Rev. Samuel Hartt, who spoke to a very large congregation, from Revelation 14 chap and 13 verse—"And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth; Yea saith the Spirit that may rest from their labours, and their works do follow them.

At Woodstock on the 22nd July, in the 65th year of her age, Frances, the beloved wife of Dr. James Woodd, deeply regretted by a large number of friends and acquaintances, from her attendance upon the afflicted. Her end was peace.

OFFER FOR SALE
Machine Belting, Steam Packing,
And all other articles of
VULCANIZED INDIA RUBBER.

MACHINE BELTING.

The experience of the past fourteen years has gained for this Belting the confidence of manufacturers and consumers. The great improvements recently made in its quality warrant us in asserting it to be superior to leather for all open Belts—especially for heavy or main Belts.

§ Its first cost is much less than leather—it is stronger and more durable, and gives a gain in power on the pully. It will stand a heat of 300 degrees unaffected,—no degree of cold or wet can injure its working. In all respects it is recommended for saw Mills, Mines, Grain Elevators, Machine Shops and Manufactories.

☞ A large assortment always on hand.

FIRE ENGINE HOSE.

Hose of any size and strength made to order, also, Suction Hose for Fire Engines and other purposes.

The above Hose has great advantage over leather, as it needs no oiling, is perfectly tight, will stand a very high degree of heat without injury, and is not affected by the severest cold.

Couplings, Hose-Pipes, &c., furnished at the lowest prices.

CITY MARKET.

"THE WORLD MOVES," and we still exist, thanks to the regenerating influence of enterprise. Notwithstanding the "rack of matter and the crash of worlds," of falling Timber, the

CITY MARKET,

Phœnix like, has arisen from its ashes and taken its place in the centre of Phœnix Row, dispensing its

GOODIES

to all that come within its lucious influence. Here the frugal Housewife can allay her coming fears by obtaining material for a "hasty bowl of soup," broil of Salmon, or a "Titbit" from the "herds of the stalls," or the "firstlings of the flock."

Or, in other words, where materials may be obtained for a "Fast Dinner," fit for a lawyer.
