Grand Falls.

The Supreme Court, Judge Ritchie presiding, opened at Grand Falls on Wednesday the 18ht inst. The docket was small and the attendance at Court smaller it seemed to us, than on former years.

We were pleased to find that during the two years which have elapsed since a prior visit, a great many improvements have been commenced in the town of Grand Falls. A large number of new houses, several of these of a superior style are in course of finish. The completion of the bridge, which is a splendid structure, has no doubt tended considerable extent to settlement on the Eastern side of the River at the Falls. The Ennishone set- Journal and Herald. tlement, comprising a tract of land described to us as most excellent, is being fast taken up. Speaking of the bridge, there are two matters in connection which require immediate attention, first there should be more supporting rods and secondly, the iron work in particular, requires painting.

The Cattle Show.

The preparatory efforts of the Carleton County Agricultural Society were rewarded by a very large attendance of people and a large, varied, and excellent show of agricultural products and manufactured articles, at the Court House on Wednesday last.
