## Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD,

And for the speedy cure of the subjoined varieties of

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pim-ples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.

J. C. AYER & Co. Gents: I feel it my duty to asknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp an'l cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sursaparilla), for I knew from your repu-tation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell and remain ever gratefully, Yours, ALFRED B. TALLEY.

St. Anthony's Fire. Rose or Ervsipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a danger-ous attack of Malianant Erysinelas by large doses of the same; says he cures the common Eruptions by it constantly.

Leucorchea or Whites, Ovarian Tumor, . Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes : "I most cheerfully comply with the request of your agent in saving I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes : " A dam gerons orarien tumor on one of the females in my family, which had defied all the remedies we could employ, has t length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

#### Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859. DR. J. C. AYER. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcere in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcors healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered ex-cruci ting pain in her joints and bones. She, too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

#### Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859. DR. J. C. AYER. Sir: I have been afflicted with a pain ful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes : "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloyed pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you and any thing you made was worth trying. By the bless ing of God it has cared me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

#### Schirrus, Cancer Tumors, Enlargement, Ul-ceration, Carles, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formi lable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanae, which the agents below named are pleased to furnish gratis to all who call for them.

## Dyspepsia. Heart Disease. Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consump-tion, and for the Relief of Consumptive Fatients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonder ul cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects some living trophy in their milist of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. A'ER & CO., Lowell, Mass.

RELIEF AND HEALTH TO YOUR INFANTS. We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medi-eine-NEVER HAS IT FAILED, IN A SINGLE IN STANCE, TO EFFECT A CURE, when timely used .--Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and magical virtues. We speak in thi matter "WHAT WE DO KNOW," after ten years' expe rience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twen ty minutes after the syrup is administered

This valuable preparation is the prescription of one o the most EXPERIENCED AND SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. ' It will almost iustantly
