Visit of DR. LA'MERT, of LONDON, to the North American Provinces.

DR LA'MERT, of Bedford Square, London, Member of the Royal College of Surgeons of England; Licentiate of the Royal College of Physicians of Edinburgh, &c.; Author of "Self-Preservation," the "Science of Life," and "Second Life"—begs to intimate to his Patients and the Public that he purposes, in August, making a Professional Visit to the British North American Possessions, commencing with HALIFAX, N. S.; and that he will afterwards visit ST. JOHN, N. B., and LOWER and UPPER CANADA.

Due notice will be given in future advertisements of Dr La'Mert's arrival, and of his place of residence in the several towns in which he may be consulted, either personally or by correspondence. In making this intimation, Dr. La'Mert wishes to point out to patients the advantages that invariably result from a personal interview, and the unusual facilities that will be afforded to those who are desirous of bringing their cases under his immediate supervision. Dr. La'Mert, moreover, cannot too strongly urge on those who have already been under his care, or who now may be in correspondence with him, the eligibility of the occasion that will present itself of clearing up any doubts that may have existed in regard to their cases and would particularly impress upon them the importance of their putting themselves as quickly as possible into personal communication with him during his necessarily limited stay, which, under no circumstances can be prolonged beyond the dates hereafter to be announced.

In order that no obstacle may be presented to the completion of the treatment in such cases, Dr. La'Mert will be provided with the correspondence, notes, &c. connected with each individuel case in the Colonies that has come under his care during the past three years. Those who contemplate availing themselves of Dr. La'Mert's services are recommended, in the interim, to procure from one of the undermentioned Local Agents his work on

SELF-PRESERVATION,*

A medical Treatise on Nervous Debility and Functional Weakness, more particularly in reference to the Infirmities and Disorders of the Generative System, with numerous Engravings and descriptive Cases.

CONTENTS.

SECTION I— the Physiology of the Generative Organs.

SECTION II—Puberty—Manhood—The Morale of Generative Physiology—True and False Morality.

SECTION III—Marriage in its Social and Physical Relations—Happy and Unhappy Unions—How to secure Healthy Offspring.

SECTION IV—Youthful Abuse—The secret cures of nervous Debility, Impotence, in Man, and Sterility in Man and Women.

SECTION V—Spermatorrhoea, or Chronic Impotence—Its History, Causes, and Moral Consequences—The Sterility of Age,

The object of this work is not to maintain any particular hypothesis, but to enable every one to understand for himself the structure and functions of the organs concerned in the fulfillment of the Physical Obligations of the Married State; to acquaint him with the consequences arising from excessess; to prevent unnecessary misapprehension from unfounded fears, and to indicate when those fears are well founded the means of speedy relief. The Work is not crowded with the technicalities of ordinary professional books, nor does it present the crudeness which characterises the so-called "popular works" on the subject.

"SELF-PRESERVATION" may be had in a sealed envelope, price one shilling sterling of Messrs H. Chub, and Co. St. John, N. B.; E. G, Fuller, Express Agent, Halifax, N. S. or the author will forward it, post-free, on receipt of Colonial postage stamps to the amount of Eighteen pence sterling.

THE ARMY OF THE UNITED STATES, and RADWAY'S READY RELIEF.

INFORMATION FOR THE WAR DEPARTMENT.

Testimony of Field Officers, Company Officers, and entire Regiments, in favor of the

great PREVENTIVE and RESTORATIVE

We propose to offer, in a few brief paragraphs, such proofs of the efficacy of **Radway's Ready Relief,** as a Preventative of, and Cure for the diseases to which bodies of unacclimated men are peculiarly subject in warm latitudes, as cannot fail to command the attention of a Paternal Government, anxious to protect the health and the lives of the tens of thousands of brave and patriotic citizens who have left, and are daily leaving their homes, their families, and their business, to fight in its defence.

According to the testimony of eminent military men, of army surgeons of high standing in the profession, and private soldiers, **Radway's Ready Relief** has already been of immense benefit to the sick among our gallant volunteer soldiery in CAMP, in the BIVOUAC, and on the MARCH.

The subjoined summary of facts, which we respectfully invite the Government to verify by application to the parties named, includes but a small portion of the voluminous testimony to the same effect, received by us within a few weeks from various head quarters of regiments and detachments in the service of the United States.

Testimonial, No. 1—From the 9th Regiment N. Y. Volunteers (Zouaves).

Col. Rush Hawkins, of this regiment (now quartered at Newport News), writes us, bestowing the strongest encomiums on the RELIEF, and recommending it, from the experience of himself and officers, as **the most valuable addition to the army medicine chest.**

Testimonial, No. 2—Maj. Tinelli, Garibaldi guard, pronounces the RELIEF an "excellent medicine" for the army.

Testimonial, No. 3—Col. George Lyons, of the 8th Regt. N. Y. S. M., all his officers, and 350 privates, indorse the "Relief" in the most emphatic terms, and suggest the immediate introduction into the medical stores of every branch of the service.

Testimonial, No. 4—Surgeon E K Sanborn and Col. Phelps, of the 1st Regiment of Vermont Volunteers, warmly approve the RELIEF, and the Regiment has taken with it to the field a sufficient supply for present use.

Testimonial, No. 5—Captain John Whitlock, Co. 1, California Regiment, stationed at Camp Yates, Statan Island, says, that on the 5th of June, 1861, he administered the "Relief" to forty men of his company who were laboring under severe attacks of diarrhoea, and dysentary; that its remedial effects were immediate, and that a majority of the sick *reported for duty that same afternoon.* He therefore recommends its addition to the medical stores of the regiment as a measure of the "highest importance."

Testimonial, No. 6—The military editor of the N. York "Sunday Atlas" testifies, on behalf of members of the Seventy-first, Fifth, Sixth, Seventh, Twelfth, and Sixty ninth Regiments, to the beneficial effects of the RELIEF in "dozens of cases of sun-stroke."

As a protective against and remedy for Dysentary, Diarrhoea, Fever and Ague, Bilious, Yellow, and other Fevers, and of the effects of miasma, unwholesome water, and excessive heat, as a general invigorant and restorative, and also as an external application for reducing the inflammation of wounds, the RELIEF is infallible. When administered internally, it instantly arrests pain.

TO THE PUBLIC AT HOME.
THE USE OF
RADWAY'S READY RELIEF

is of equal importance in the domestic circle. Every family should keep a supply of it in the house. It can be used for so many complaints and ailments, and will in all cases give ease and comfort to the sufferer. Taken internally, it will in a few minutes relieve the most severe pains occasioned by Diarrhoea, Cholera Morbus, Colic Fever and Ague, Sick Headache, Heartburn, Cramps, Spasms, Pain in the Stomach and Bowels, Pain in the Kidneys and Bladder, Giddiness, Melancholy, Hysterics, Bilious Cholic, Weakness, Lowness of Spirits, Sickness at Stomach, and will, with a few times using, cure the most obstinate cases.

Applied Externally, it immediately relieves, and will in a few days cure Rheumatism and all Rheumatic affections, Gout, Neuralgia, Toothache, Sudden Colds, Hoarseness, Sore Throat, Diphtheria, Influenza, Sun Stroke, Headache, Catarrh, Pleurisy, Tightness of the Chest, Bites and Stings of Mosquitoes, and other insects, Pains in the Joints, Hard Swellings, Lumbago, Inflammation, and Pain in the Kidneys, Womb, Spine, and Sprains, Strains, Wounds, Scalds, and Burns.

Let **Radway's Ready Relief** be applied, and taken internally, on the first warning given of sickness, and no matter what may be the character of the threatened disease, the READY RELIEF will break up and arrest the progress of the disease.

A mass of evidence so direct and conclusive as the above, emanating from military men, who volunteer it so earnestly, and who testify from personal experience, can scarcely be disregarded at Washington; and we cannot doubt that the Government, on looking into the facts, will deem it expedient to supply the stationary military hospitals and all regiments in the field with a protective and remedial preparation of such inappreciable value and utility.
