ture and have, no doubt formed correct opinions of important of which we heard.

INCREASE OF REPRESENTATION. Mr. M'Phelim's bill to increase the representation of several counties in the province was to-day committed and progress reported. The disposition seems to be not to pass it hastily. It could not come into operation this year. We can not agree with the hon. mover as to the necessity of the bill. On this subject as on some others, the present session has, and we may as well here state some of them though we have not space to give our reasons, confirmed a change of opinion, which has for some time been strengthening in our minds. Our convictions are
