From H. R. H. PRINCE ALBERT, in an Autograph Letter to Hon. Edward Everett, dated above. Buckingham Palace, May 9th, 1861. My Dear Mr. Everett-I have to acknowledge the receipt of the very handsome copy of Dr. Worcester's Dictionary, which you have been good enough to send me; and I must beg of you also to assure the publishers that I am very sensible of the kind feeling which they manifested towards me. It is very gratifying to see that the parent language receives such valuable aid for its development

and the preservation of its purity in your country. From the Rev. W. Whewell, D. From E. Ryerson, D. D., Superintendent of Publie Instruction for Upper Canada .- "I have for several years used Webster, as the best Dictionary of its kindalways excepting its orthography—but I regard and re-commend for our schools and public institutions, Worcester's Dictionary, as a very great improvement upon that of Webster's pictorial edition."

From Alpheus Todd, Librarian of Parliament, Quebec .- "Worcester's Dictionary is an established favorite with us. For exact definitions, full and complete lists of technical and scientific terms, and words of modern introduction, I do not know its equal.'

From the "Daily British Whig," Canada .-"Dr. Worcester's Dictionary is a better one than that of his great predecessor. ADVERTISEMENT. FLORENCEVILLE, JULY, 24, 1861.

MR. EDITOR, Sir,-Please insert the following scheme in your paper for three months. Hitherto we have always expected our representatives to do some great thing or other for us, without our fairly showing what was wanted. Now I propose something for

Scheme to build two or more Bridges across the Saint

John River, one at Florenceville, and the other at Wood-

from the United States. This scheme will not increase

our taxes, will not diminish the revenue, but on the contrary, give use free access to sither side of the rtver, and open up and connect this side to the great farming country east of us; increase our population four hundred families to a bridge, and open the way by the expenditure of Twenty Thousand Pounds, and prestage of each bridge to the introduction of thousands into the country. Applied to one Bridge at Florenceville, let Governmen grant 40,000 acres of land in two blocks called Peel and Florenceville Bridge Grants, let it be farming land, and chosen on the east side of the river, opposite here, for the Drawings of Machinery furnished at short notice, | purpose of raising a fund out of, to build the bridge, and afterwards paying off the debt and interest in twenty years, by the immediate settlement thereof, as follows:-Let the Government, after granting the land, either by the Board of Works, or otherwise, give the and in security to English Capitalists, subject to certain management, viz., the immediate settlement of it and sale to the set- They give Strength and Volume to the Voice tlers at 3s. per acre, more or less, for the payment of the debt in 20 years, and let the Government pay the interest on £20,000 yearly, which at 5 per cent, will be £1,000, and take instead the addition to our revenue-four hundred families and their increase will make-any one who gives the thing a thought, will understand that at 3s. per acre, 40,000 acres will amount to £6,000, and as a sinking fund, with interest payable annually, left n the hands of the settlers, or otherwise placed to compound at package of my simple interest, will in 20 years (more or less) pay off the debt; and any one will understand, that in 20 years, 40,000 acres of cultivated land, with broad fields, stocks, crops, houses, and wealt 1, like Williamstown, Jackson- they will relieve you instantly, and you will agree with me town, &c., &c., will be a magnificent realization; any that "they go right to the spot." one will understand that the busy heads and hands of 400 present time; and the feasibility of this scheme is more | them indespensible. fully proved out of late by the large emigration on lands adjoining where we want those blocks, viz. Let no sectional feelings arise to impede the building of those bridges; the same principle applied will build bridges at whatever point required on the riv- terfieit. er, and in place of taxing us, in the least will double the value of our property. Without them, and the start such enterprise would give us, the mind of the ingenious and enterprising citizen of the world, whose steps may accidentally stray this way, unattracted by any object, will be lost in trying to ascertain to what species of the human race we belong. Let us wake up. Canadian enterprise brought from England millions to build her bridges; surey New Brunswick security and enterprise can command thousands; and if every man and woman to, for I believe in many cases that the women of this country are more enterprising than the men, I say, that if every man, woman and child that needs this article, will talk it out and talk it up, we are as sure to get these bridges inside of five years, as the grass is to grow or water to run-the power

plaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some it of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse rify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous ctivity, purify the system from the obstructions which make disease. A cold settles some-where in the body, and obstructs its natural functions. These, if not relieved, react upon

themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deepseated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disor-Statements from leading physicians in some of the principal cities, and from other well known public per-From a Forwarding Merchant of St. Louis, Feb. 4, 1856. DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter

ASA MORGRIDGE. As a Family Physic. From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the

bowels, which makes them invaluable to us in the daily Jeadache, Sick Hendache, Foul Stomach. From Dr. Edward Boyd, Ballimore. DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have, by a dose or two

of your Pills. It seems to arise from a foul stomach, which they cleanse at once. Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion. Billious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 185%. SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartie we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhee, Relax, Worms.

From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church, Boston. DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit

in distress. To regulate the organs of digestion and

purify the blood, they are the very best remedy I have

ever known, and I can confidently recommend them to my friends.

Yours,

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood. JOHN G. MEACHAM, M. D. Constipution, Costiveness, Suppression, Rhenmatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costireness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural

secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Hawkes, of the Methodist Epis. Church. PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856. HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic poins, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By per-
