A NATIONAL STANDARD BOTH IN ENGLAND AND AMERICA. Worcester's Series of Dictionaries, -Consisting of-

Worcester's Elementary Dictionary, 0 75 Worcester's Universal & Critical Dictionary 3 50 and the traveling public in general that it is now open A Liberal Discount made to the Trade, to Teachers, the continuance of the patronage heretofore so liberally

and to Schools. These Dictionaries have received the approval of the most eminent literary men, both in England and America. The Royal Quarto Dictionary, although first published in most of the literary institutions in the country; while the a good Hostler in attendance. smaller works, especially the Comprehensive and the Primary School Dictionaries, have seen extensively introduoed into the best Academical Common Schools in the United States. They are now the authorised Dictionaries for New Brunswick, as will be seen by the following certifi-

EDUCATION OFFICE, Fredericton, 22d. Aug., 1861 The Board of Education having authorised Worcester's Dictionary for the use of the Public Schools in New Brunswick, I have much pleasure in recommending the work to the favorable consideration of teachers.

JOHN BENNET, Chief Superintendent. Worcester's Royal Quarto Dictionary. Illustrated 1854 Pages 1,000 Illustrations. This is entirely a New Work, and all the new words,

synonymes and illustrations will be found in their proper monials selected from hundreds of the same import. From H. R. H. PRINCE ALBERT,

in an Autograph Letter to Hon. Edward Everett, dated above. Buckingham Palace, May 9th, 1861. My Dear Mr. Everett-I have to acknowledge the receipt of the very handsome copy of Dr. Worcester's Dictionary, which you have been good enough to send me; and I must beg of you also to assure the publishers that I am towards me. It is very gratifying to see that the parent | The Largest and Most Central House in the City. language receives such valuable aid for its developement and the preservation of its pririty in your country.

From the Rev. W. Whewell, D. D., Master of Trinity College, Cambridge, Author of "History of the Inductive Sciences."-"I have repeatedly consulted the Dictionary since it has been in my possession, and have seen reason to think it more complete and exact than any of its predecessors."

From Thomas Carlyle, England .- "So far as I have examined, it is a most lucid, exact, comprehensive, altogether useful-looking Dictionary; the definitions of meaning are precise, brief, correct; the wood cuts occasionally a great help; new fields are opened with success; everything is calculated for conveying information by the

From Charles Dickens. England .- "It is a most remarkable work, of which America will be justly proud, and for which all who study the English Language will long have reason to respect your name, and to be grateful to you."

From E. Ryerson, D. D., Superintendent of Publie Instruction for Upper Canada .- "I have for several years used Webster, as the best Dictionary of its kindalways excepting its orthography—but I regard and re-commend for our schools and public institutions, Worcester's Dictionary, as a very great improvement upon that of Webster's pictorial edition."

From Alpheus Todd, Librarian of Parliament, Quebec .- "Worcester's Dictionary is an established favorite with us. For exact definitions, full and complete lists of technical and scientific terms, and words of modern introduction, I do not know its equal."

From the "Daily British Whig," Canada .-"Dr. Worcester's Dictionary is a better one than that of his great predecessor. It contains all his rival's excellencies, few or none of his faults, and in addition, is much more comprehensive. It is a better Dictionary than the 'Imperial Dictionary,' than which we once thought no

ary as the acknowledged standard of reference among the | tion. scholars of England and America."

-the volumes before us show a vast amount of diligence: | warranted to give perfect satisfaction. but with Webster it is diligence in combination with fancifulness; with Worcesters in combination with good sense and judgment, Worcester's is the soberer and safer book, and may be pronounced the best existing English Lexi-

ADVERTISEMENT. FLORENCEVILLE, JULY, 24, 1861.

MR. EDITOR, Sir,-Please insert the following scheme in your paper for three months. Hitherto we have always expected our representatives Englishs' New Brick Building, in King Street, next door to do some great thing or other for us, without our fairly showing what was wanted. Now I propose something for

> Scheme to build two or more Bridges across the Saint John River, one at Florenceville, and the other at Woodstock, to form connections with the thoroughfares through from the United States. This scheme will not increase our taxes, will not diminish the revenue, but on the contrary, give use free access to sither side of the rtver, and open up and connect this side to the great farming country east of us; increase our population four hundred families to a bridge, and open the way by the expenditure of Twenty Thousand Pounds, and prestage of each bridge to the introduction of thousands into the country.

Applied to one Bridge at Florenceville, let Governmen Gentlemen carry SPALDINGS THROAT CONFECTIONS grant 40,000 acres of land in two blocks called Peel and Offers his services to superintend any Mill Work, Florenceville Bridge Grants, let it be farming land, and chosen on the east side of the river, opposite here, for the Drawings of Machinery furnished at short notice, | purpose of raising a fund out of, to build the bridge, and afterwards paying off the debt and interest in twenty years, by the immediate settlement thereof, as follows:-Let the Government, after granting the land, either by the Board of Works, or otherwise, give the and in security to English Capitalists, subject to certain management, viz., the immediate settlement of it and sale to the settlers at 3s. per acre, more or less, for the payment of the debt in 20 years, and let the Government pay the interest on £20,000 yearly, which at 5 per cent, will be £1,000, and take instead the addition to our revenue-four hundred families and their increase will make-any one and cannot harm any one. who gives the thing a thought, will understand that at 3s. per acre, 40,000 acres will amount to £6,000, and as a sinking fund, with interest payable annually, left n the hands of the settlers, or otherwise placed to compound at package of my simple interest, will in 20 years (more or less) pay off the debt; and any one will understand, that in 20 years, 40,000 acres of cultivated land, with broad fields, stocks, crops, houses, and wealt 1, like Williamstown, Jacksontown, &c., &c., will be a magnificent realization; any one will understand that the busy heads and hands of 40 families, and their increase, producing and consuming

tlement of the country, and its advancement up to the present time; and the feasibility of this scheme is more them indespensible. fully proved out of late by the large emigration on lands adjoin ng where we want those blocks, viz. Glassville, Knowlesville, &c., &c., by a class of people respectable, Medicine. and possessing considerable means. And now is the time to stimulate such emigration; the true way to get able wealth into this country, is to get in the people, and cultivate the soil. Let no sectional feelings arise to impede the building of those bridges; the same principle applied will build bridges at whatever point required on the riv-er, and in place of taxing us, in the least will double the value of our property. This scheme must appeal to every ** Physicians prescriptions carefully compounded, Store man owning property on the other side. With these 30 cents. Address, in Queen Street near the corner of Regent Street, Freder- bridges-and it is a mere question of time, for the sarip of land on this side must be connected with the great country to the east of us some day,-with these bridges I say, in ten years time we will show as fine a country as the sun can shine on. Without them, and the start such enterprise would give us, the mind of the ingenious and enterprising citizen of the world, whose steps may accidentally stray this way, unattracted by any object, will be lost in trying to ascertain to what species of the human race we belong. Let us wake up. Canadian enterprise brought from England millions to build her bridges; surely New Brunswick security and enterprise can command thousands; and if every man and woman to, for I believe in many cases that the women of this country are more enterprising than the men, I say, that if every man, woman and child that needs this article, will talk it out and talk it up, we are as sure to get these bridges inside of five years, as the grass is to grow or water to run-the power s in the hands of the people. Yours, &c.

Ayer's Sarsaparilla

FOR PURIFYING THE BLOOD, And for the speedy cure of the subjoined varieties of Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Soves, Eruptions, Pim-ples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in process. from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepare an alterative (Sarsaparilla), for I knew from your repu tation that any thing you made must be good. I seut to Cincinnati and got it, and used it till it cured me. I too. it, as you advise, in small doses of a teaspoonful over i month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tel you, that I hold you to be one of the apostles of the age and remain ever gratefully, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rhoum, Scald Head, Ring. worm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a danger-ous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre, or Swelled Neck. Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre-a hideous swelling on the neck, which I had suffered from

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes: "I. most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes : " A danrarian tumor on one of the lemales in invianily which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks

no symptom of the disease remains." Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, '859. DR. J. C. AYER. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her boncs. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised mc. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. DR. J. C. AYER. Sir: I have been afflicted with a pain ful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Lirer. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you. and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ul-ceration, Caries, and Exfoliation of the

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond

its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Hoarseness,

Croup, Bronchitis, Incipient Consump-tion, and for the Relief of Consumptive Patients, in advanced stages of the Disease. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. It unrivalled excellence for coughs and colds, and its truit wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.
As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
