

THE CREW OF THE PERIA.—The gang of men, 50 in number, being part of the crew of the Peria, who were engaged in landing the troops in the St. Lawrence, and who were abandoned with their boats have since arrived in Boston, and proceeded home in the Niagara to Liverpool. Six of the party went to New York, and will perform duty on the steamer Asia, by which they will return. The six boats of the Peria engaged in the transportation of the troops were all destroyed, and the wrecks were left in the ice. The N. Y. Tribune says: "Many fears were entertained for the safety of those left behind, but the men who arrived here state that they left them all in good health, excepting one, who was frost bitten. He was sent to the hospital. The men travelled in sleighs to Boston."—H. Colonist.

A STEEL STEAM SCOW.—The Plymouth England Mail steamer, a steel steam-ship, constructed only to draw 6 feet of water, has been built by the Seven Steam Navigation Company. She has a moveable keel like several of the American coasting ships. She is about 120 feet long, and registered 51 tons, is supplied with engines of 40-horse power can stow about 123 tons of coal, and usually expends about 50 cwt. in 24 hours. Her screw propeller has been altered no less than six times, the owners being most desirous of ascertaining the best principle for adoption in some ships of 200 tons which they contemplate having built.

HENNESSY'S GREAT REMEDIES.—Their character sustained by testimonials to which all are invited to investigate. Their effect, which is perfectly natural, and their relations to disease, by strict adherence to laws of medicine.

Hennessy's Universal Cough Remedy, which can have no superior for all Lung, Throat and Bronchial Complaints, to actual Consumption.

Hennessy's Tolu Anodyne, the great Natural Opium and Nerve Remedy, which adapts it to all complaints of the Bowels, and of Spasmodic and Nervous nature, to that chief of all causes of disease, *Loss of Sleep.*

Hennessy's Electric Pills prepared to assist the work of the Tolu Anodyne in cases of indigestion, have proved a most perfect substitute for mercurials, so destructive to the effect of the Anodyne. For Bilious Complaints, Indigestion, Worms in Children, and all derangements of the digestive organs, they have proved, by fair trial, all that is expected of them, and will be sent free until plans for sale are completed. The remedies, and their connection, is more fully described in the pamphlets to be found with dealers, or will be sent on demand without "postage stamps." Prices of each preparation within reach of all. See advertisement.
