BANGOR, MARCH 7. President Lincoln yesterday sent an important message to Congress, recommending a joint resolution pledging government aid and co-operation to any state imitating gradual abolisha means of self preservation. Southern leaders pended in consequence of the Civil War. Arrangement of slavery, believing government would find it hope for independence, and expect that when the ment however has been made that there should be separation is accomplished, border Slave States will ioin them by affinity. Emancipation would deprive a provisional joint occupation.

Mr. Maguire called attention to the serious disjoin them by affinity. Emancipation would deprive them of this hope, and thus deal a powerful blow on rebellion. The cost of this method of combatting rebellion, he suggests is not greater than by war.

An influential deputation from cotton manufacturing Districts, had an interview with Lord Palmerston and Sir Charles Wood, relative to tariff on cotton goods in India; and retitioned for the redress of hardships arising from this tariff. Lord Palmerston said that Government felt the greatest regret at the prevalent distress, but could not think it due to one cause only. Sir Charles Wood said the tax was not intended as a protective one; but originated in the financial necessity of the India-Government. It had already reduced the duty on yarns, and hoped soon to do the same on manufac-

tured goods, but could not promise at once. Queen Victoria in response to application from the committee of the Albert memorial fund expressed herself in favour of Grand Obelisk, with statuary at
