CLEM'S SUMMER CURE. HOWE'S COUGH PILLS.

By the concurrent testimony of many sufferers, the fact has been established, That for the cure of Diarrhea or Dysentry in persons of all ages, no medicine has ever come to the knowledge of the public that so effectually does its work and at the same time leaves the bowels in an active, healthy condition as

CLEM'S SUMMER CURE. That for Children Cutting Teeth, if troubled all other remedies are insignificant as compared

CLEM'S SUMMER CURE. That for Children troubled with Canker in the mouth or stomach, or mothers suffering from nursing sore mouth, a safe and more speedy cure is effected by the use of

CLEM'S SUMMER CURE. That for Coughs, Hoarsness and Bronchial affections,

HOWE'S COUGH PILLS. That for a Tightness or Wheezing on the Chest, Pains in the side or a long standing Hack, the best known remedy is

HOWE'S COUGH PILLS. That, as an expectorant and ameliorating agent in cases of Phthisic, Whooping Cough, and Confirmed Consumption, the public have already rendered their united verdict in favor of HOWE'S COUGH PILLS.

Clem's Summer Cure is a pleasant, agreeable decoction of Roots and Barks, and contains not a particle of opium or drug of any sort. It always does good, and never does harm.

produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes in-AYERS competent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it antails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases. Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER's SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been

available to them. AYER'S CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease. This has been so long used and so uni-

versally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass.

Sold by all druggists every where. there is no remedy extant that so universally affords | W. T. Baird, Stephen Smith, M. D., Woodstock; Grosvener & Son, Ganterbury; and by all dealers in Medicine everywhere.
