Editorial Correspondence.

Fredericton, February 12, 1862.

With more than usual display, the Legislature began its Session to-day. His Excellency was received at the Province building by the Royal Artillery and a guard of honor, composed of detachments of Royal Engineers and Rifle Companies, (volunteers); the music by the Free Mason's band. A party of the Military Train were drawn up on the upper stairs leading to the Council Chamber and guarded the same by drawn swords. The Chamber was graced by the presence of an unusual number of ladies, representing, pretty nearly, all the classes of Fredericton society. Here too, the display of Military uniforms was rare and imposing, the gaily decorated uniforms of the various regiments of the more numerous representatives of the Crown and Empire. Two innovations on former custom are freely talked of, not in a very conciliatory manner. First, His Excellency had a chair of state fixed upon the dais near the throne, for the Commanding General of the forces on his right. Secondly, he found it necessary to have a robing room, provided with all the necessities, in which he and his suite might buckle on their swords, perform their toilets, &c. But then his Excellency is a young man, and Governors, as well as more ignoble beings like, we suppose, to make a good appearance before the ladies. However, everything being well supposed arranged satisfactorily, his Excellency, gorgeously arrayed in a uniform, the distinctive characters of which we can not learn, took his seat and commended the attendance of the house, and then, as soon as that attendance had been told the members, in other words, that he would not tell them what he called them together for, until they went back and erected a Speaker, so back they went, and thereupon

Mr. Montgomery nominated Hon. J. M. Johnson. Mr. Ferris seconded the nomination.

Mr. McPhelin moved, seconded by W. J. Gilbert, that the election of the Speaker be postponed until to-morrow, this in order to give the new members an opportunity of talking over the matter and making up their minds.

Mr. J. W. Gilbert seconded the motion. After some little discussion motion was withdrawn, and Mr. Johnson declared elected without question. Then the House went up again and was formally opened by the following Speech.

Mr. President and Hon. Gentlemen of the Legislative Council.

You are already aware of the great calamity which has befallen the Royal family, and the nation. I feel confident that all hearts in this loyal Province have shared the grief which has been so deeply felt and so loudly expressed throughout the Empire on the occasion of the death of His Royal Highness the Prince Consort; and whilst in common with all classes of Her Majesty's subjects you deplore the loss which the Queen has sustained, a sentiment of a yet more personal nature will lead you to mourn the bereavement of the young Princess who have so lately visited this Province.

You have learnt with satisfaction that the Government of the United States has acquiesced in the just demands of Great Britain, for the surrender of certain individuals forcibly taken from under the protection of the British flag. You will gratefully appreciate the promptitude and energy with which troops were despatched from England for the defence of this Province, at a time when it appeared likely to become the scene of active hostilities. It is with the liveliest pleasure that I have witnessed the manner in which Her Majesty's forces have been welcomed by all classes of the population; the readiness which has been shown to contribute to their comfort and convenience demands my warmest acknowledgments; nor can I omit to notice in a special manner the loyal and generous spirit manifested by the corporation and citizens of St. John, in providing accommodations for our troops on their landing, although the number of the troops and the exertions and sacrifices would have been as cheerfully made in other parts of the Province, had a similar need for them existed. The services thus willingly rendered are, I know, fully appreciated by the Major General Commanding Her Majesty's forces in this Province, and by the troops under his orders.

I desire to call attention to the present condition of the Provincial Militia. Some years have passed since that force has been embodied or enrolled, and a confident belief has prevailed that the peace of this Province would not again be disturbed by foreign aggression. Recent events have shown that such expectations cannot rashly be indulged with security; and whilst large bodies of men are under arms in the neighboring States, it is impossible to permit this Province to remain in a wholly defenceless condition. Two distinguished officers have been despatched from England to assist me in the reorganization of the Militia force. I have directed the report which, in conformity with my desire they have prepared, to be laid before you, and I entertain no doubt that the necessary arrangements will receive your most attentive consideration.

The condition of the Province is on the whole satisfactory; the harvest was abundant; the fisheries have been productive, and the export of lumber has exceeded that of the previous year. I regret however to add, that the civil war in the United States has most injuriously affected the general commercial interests of the Province; nor can I entertain a hope that the depression of the market, which they now labour can be materially alleviated, while the causes which have produced it continue to exist.

You will learn with satisfaction that the Imperial Government has agreed to sanction any well considered arrangement for facilitating the commercial intercourse between the different Provinces of British North America, and that the Imperial Government will be thankfully received, and that the measures which may be found necessary to secure to New Brunswick the full advantages to be derived therefrom, will accordingly be adopted by you; and I am of opinion that such measures, if wisely framed and judiciously carried into execution will be attended with great and lasting benefit to this Province. I have directed the correspondence which has passed on this subject to be laid before you.

It was deemed expedient after conference with the Government of Canada and Nova Scotia, to dispatch a Member of my Executive Council to England, to co-operate with delegates from these Provinces in urging upon the Imperial Government the consideration of proposals, for the completion of an Inter-Colonial Railway. I regard the proposal made as one, the adoption of which is likely to be attended with the utmost advantage to British North America, and to prove of no small utility to the Empire at large. When the correspondence still pending on this subject is terminated, the whole of the papers will immediately be laid before you.

I have directed papers to be laid before you, which, you will perceive, that the new copper coinage for this Province has been completed, and will shortly be put in circulation.

The silver coinage is also in a forward state, and will, I have no doubt, be available in a very early period. The returns of the census taken in the last year are now almost complete. You will be gratified to learn that the increase in the population of the Province considerably exceeds previous anticipations. During the past year there has been a considerable increase in the number of immigrants; the disturbed condition of the United States has induced a very large number of persons from that country to settle in this Province. A Commissioner was appointed last summer to proceed to Great Britain, for the purpose of pointing out to the Imperial Government the advantages to be derived from the immigration of persons to these islands, and to the Province to those intending to emigrate. The accounts which reach me lead me to hope that the results will be such as will induce the Imperial Government to take into consideration the existing state of the Law with

respect to Joint Stock Banks. If you should be of opinion that the acts by which they are at present regulated, fail to afford a sufficient security for that amount of public inspection and control over those institutions which has, in all countries been deemed essential, you will doubtless be disposed to apply a fitting remedy for an evil calculated so seriously to endanger the interests of the community at large.

During the past year extensive discoveries of gold have been made in the adjoining Province of Nova Scotia. The geological formation of this country is so similar to that of the latter, that similar discoveries may at no distant time be made in New Brunswick. I recommend you to consider what amendment may be needed in the existing laws relative to mining operations in order to meet the requirements of such contingency.

Since the close of the last session, several extensive tracts of land have been surveyed, through which Roads have been partially opened, and portions of which have, in many cases, been occupied. The particulars of these transactions will be found in the report of the Surveyor General, which will be immediately laid before you.

I regret to inform you that the receipts of the Provincial Railway fall short of their estimated amount; indeed the calamitous contest in the United States may be said to have deranged all financial calculations throughout North America.

I am informed that the Exhibition of natural products and industrial manufactures of New Brunswick which took place at Sussex Vale previously to my arrival in this Province, was one highly gratifying to the character. Four thousand dollars have been placed at the disposal of Commissioners appointed to procure articles illustrative of the industry and capabilities of this Province, for transmission to the International Exhibition, to be held in London, during the approaching summer. The articles so procured together with others furnished by numerous private contributors, are now being forwarded.

Mr. Speaker and Gentlemen of the House of Assembly.

The accounts of the receipts and expenditures of the past year will be laid before you; the depression under which the commerce of this Province has labored, has caused the Revenue to fall considerably short of the sum originally estimated. I am happy however, to state, that all demands upon the Treasury have been promptly met. The causes which led to the diminution of the anticipated income of the past year unhappily still continue in active operation. The estimates which will be laid before you have accordingly been framed with as rigid an attention to economy as is consistent with a due regard to the exigencies of the public service.

Mr. President, and Hon. Gentlemen of the Legislative Council.

Mr. Speaker, and Gentlemen of the House of Assembly.

I am grateful for the cordiality with which I have received on arriving to assume the Government; nor can I for the first time meet you assembled without the expression of my earnest desire to promote the welfare and prosperity of this noble Province. With great natural resources, people by a hardy and industrious race, in the enjoyment of good laws, ably administered, I rejoice to believe that New Brunswick is happy and contented. An ample measure of self-government has been conceded to the people by the Sovereign and Imperial Parliament. Into your hands the destinies of the Province have been committed, and on the wisdom and prudence of your deliberations depends its future welfare or decay. Secure in the strength of that Empire, of which New Brunswick forms a part, you can look with pity and regret, but without alarm, upon the convulsions which disturb and desolate the neighboring Republic. The future is full of cause for great anxiety;—but if laying aside all party animosities, and selfish aims, all personal jealousies, you apply yourselves in the spirit, which I doubt not will animate your counsels, to the consideration of the public good, I rest assured, that with the support of a patriotic and united people, and the aid of a loyal and gallant army, the trials will be yet impending, will, under God's blessing, manifestly be met and successfully be overcome.

After returning, the address in reply was moved by Mr. Stevens, seconded by Mr. Jordan, and ordered to stand for consideration next Monday. Then a number of standing committees were appointed, some little routine business done, and then the House adjourned. All the members were present and took the Oath but four.

Volunteer Movements.

LT. COL. CREAKOKE was in town last week, having come here for the purpose of consulting with Capt. Baird as to the best means to be adopted in order to prevent desertion of regular troops passing through here. Col. Creakoke has been sent out by the home government for the purpose of organizing and inspecting the Provincial Militia force in this Province, and to report to the Government his views as to the best means of developing the military spirit of our people. The Col. inspected Capt. Baird's company of rifles, and expressed himself highly satisfied, and the result of his conference with the Capt. was the establishing of detachments of the Rifles on the different roads throughout the County to stop deserters.

"The Meteor Flag."

The good people residing at Upper Woodstock, determined if they could not assist in the rendering of hospitalities to the troops of Britain, they would in another way attest their loyalty to their Queen and country, have within the past week raised two lofty flag-staffs, from which from early dawn to dewy eve the good old banner of our common fatherland may woo the passing breeze, and the admiration of all lovers of that true liberty and greatness of which this flag is eminently a type. Long may these flag-staffs stand. Long may they who erected them live under and enjoy the advantages the flag of Britain ensures, and may they, while envious each with his fellow to display his loyalty, be justly appreciative of the blessings he enjoys under the Constitution of England, and strive with equal zeal to promote all that is good, virtuous, elevating and true—liberty perpetuating.

ARMSTRONG GUNS.—During the week Main street for some considerable distance has been covered on one side with Armstrong guns, a battery or more of which has been on transit to Canada.

Our garrison has been nearly depleted greater part of the time, there being not more than from 60 to 100 men left.

We are requested to state that there will be a public Temperance Meeting held at Clark's School House, Lower Wakefield, on Tuesday evening, the 18th inst., at 7½.

We will furnish a copy of the "Sentinel" during the Session to any one requiring it for 50cts.

BOOK NOTICE.—The February No. of Arthur's Ladies' Home Magazine was, and is not before us. A captivating little lady of our acquaintance, captivated by the pictures, which in a moment of exultant good nature we obliged her to look at, made a captive of, and ran off with it; therefore we can't tell our readers what is in it particularly; we can however tell them particularly what is not in it,—not a line or word low or obscene in tendency nor a harsh, ungrateful expression—not a paragraph of unbecoming sentimentality or literary bomb; but there is much, very much, to charm the eye and taste for loveliness of dress and form, much to enlarge and nurture to the love of what is beautiful and good in literature, either prose or verse, and having this much said, it only remains for us to challenge them who doubt it to subscribe for the book and prove what we have said. We can furnish it for \$1.25, and the postage.
