> Sister, thou was't mild and lovely, Gentle as the summer's breeze,

Pleasant as the air of evening, When it floats among the trees, Peaceful be thy silent slumber. Peaceful in the grave so low, Thou no more wilt join our number,

Thou no more our song shall know. Dearest sister, thou has't left us. Here thy loss we deeply feel, But 'tis God that hath bereft us,

He can all our sorrows heal.

Yet again we hope to meet thee. When the day of life is fled, Then in Heaven with joy to greet thee, Where no farewell tear is shed.
