Capital--£1,000,000 stg. RETURN OF FIRE INSURANCE DUTY FOR 1861.

(Ordered by the House of Commons to be printed 8th THE usual Annual Return, just published by the Government, shews that the INCREASE OF DUTY paid by the QUEEN'S INSURANCE COMPANY, in 1861 over 1869, exceed that of 38 other Fire Offices, some of which have been in operation for upwards of half a century. -While the Return shews a falling off in the amount paid by six offices, it also shows that the Increase of the QUEER exceeded that of all the London Offices but two, and all the Scotch Offices but one, (which during the year had absorbed the business of another office.) The In-CREASE OF THE QUEEN also exceeded all the Provincial Offices but two, and was nearly five times that of both the Irish Offices put together. Taking the gross amount of duty for the last two years, the Return shows that the QUEEN was the only Office which in that period had doubd the amount paid. These facts-based upon the highest anthority-prove that the eminent position thus occupied by the QUEEN INSURANCE COMPANY is doubtless owing to the high character of its Proprietary, and the distinguished liberality of the Directors in the Settlement of Losses. Gratified by the remarkable confidence hitherto reposed in the QUEEN, it will be the constant endeavor of the Management to sustain the high

reputation the Company has already obtained. TRUSTEES THOMAS EDWARDS Moss, Esq., Banker, (Moss & Co.) Liv- in the best manner and after the latest and most approv Co.) Liverpool.
