RETURN OF FIRE INSURANCE DUTY FOR 1861.  
(Ordered by the House of Commons to be printed 8th July, 1862.)

THE usual Annual Return, just published by the Government, shows that the **QUEEN'S INSURANCE COMPANY**, in 1861 over 1860, exceed that of 38 other Fire Offices, some of which have been in operation for upwards of half a century.

While the Return shows a falling off in the amount paid by six offices, it also shows that the **INCREASE OF THE QUEEN** exceeded that of all the London Offices but two, and all the Scotch Offices but one, (which during the year last absorbed the business of another office). The **INCREASE OF THE QUEEN** also exceeded all the Provincial Irish Offices put together. Taking the gross amount of the Return for the last two years, it shows that the **QUEEN** was the only office in that period had doubled the amount paid. These facts—based upon the highest authority—prove that the company possess the most constant and reliable of the Directors in the **Settlement of Losses.** Gratified by the remarkable confidence hitherto reposed in the **QUEEN**, it will be the constant endeavor of the Management to sustain the high reputation the Company has already obtained.
