

**Mrs. Winslow's SOOTHING SYRUP.**  
For Children Teething.—It relieves Colic.

[From the Richmond Whig.]

The *Charleston Courier* makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. The article has a peculiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the great success of the Plantation Bitters of Dr. Drake which, previous to our unhappy difficulties was found in most Southern homes, was owing to the extract of Calisaya Bark which it contained as one of its principal ingredients.

"In confirmation of this, we have heard one of our most distinguished physicians remark, that whenever he felt unwell from ordinary diet or atmospheric causes, he invariably relieved himself by Plantation Bitters. Now that these Bitters cannot be obtained, a substitute should be prepared.—We understand our Government has opened negotiations with Dr. Drake, through a secret agent, but with what truth we do not know."

We are exceedingly obliged to the *Richmond Whig* for its remembrance of "Auld Lang Syne," but we can assure "Our Government" that the Plantation Bitters are not for sale to any "secret agents," North or South. There is probably several other things that "Our Government" will yet want.

We know that we have the best and most popular medicine in the world, we are not afraid to show what it is composed of.

Physicians are compelled to recommend it.

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhea, Colic, and diseases of the stomach and bowels.

DAVYLEN.—For Induration of the Lungs and Dropsical Affections.

CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove buds, orange, caraway, coumarin, snake-root, &c.

S.—T.—1860.—X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the hair, is yet unknown to the commerce of the world, and we withhold its name for the present.

Humbugs and quacks howl about the Plantation Bitters; but the following is what's the matter, and they know it.

**PLANTATION BITTERS WILL CURE** Cold Extremities and Feverish Lips. Sour Stomach and Foul Breath. Flatulency and Indigestion. Nervous Affections. Excessive Fatigue and Short Breath. Pain over the eyes. Mental Dependancy. Prostration. Great Weakness. Bilious Complexion. Swallow Bowels. LIVER COMPLAINT AND DYSPEPSIA.

Very particularly recommended to Clergymen, Merchants, Lawyers and persons of Sedentary habits. Also for delicate females and weak persons who require a gentle stimulant, free digestion, good appetite and clear mental faculties.

Sold by all respectable Physicians, Druggists, grocers, Hotels, Saloons, Country Stores, &c.

Be particular that each bottle bears the fac-simile of our signature on a steel-plate label, with our private government stamp over the cork.

FOR SALE. A Farm of 100 acres of Land, in Windsor Settlement, on the Great Road leading to Knowlesville, within a few miles of Glassville, and connected by roads with Gordonsville and Johnsville. It is in a good settlement, handy to mills, and within 100 rods of a Post Office. The Land is of excellent quality, it is not hilly or broken up at all, less than 40 acres cleared, with a new framed house and barn.

The water privilege is superior. A small brook rises on the lot, on which a water mill could be prepared to drive a threshing machine, wood cutter, churn, &c. Owing to the great number of settlers who have flocked into this new country, it is a very desirable locality for a country store.
