LATER FROM ENGLAND.

Arrival of the Canada.

HALIFAX, Jan. 25, 1864. The Canada left Liverpool at 9.30 on the morning of the 9th, Queenstown on the 10th, arrived at Halifax at 5 p. m. on the 25th; she has 4 Halifax and 31 Boston passen-

on the eighth, all doing most favorably.

Judgment would be given in the Alexandria case on the 11th of January. Frankfort Senate refused authorization to draw lottery

for Great Eastern steamer and demanded from Frankfort

Dr. Turton, Bishop of Ely, died on the 7th. Parliament formally prorogued till 4th of February, then to meet for the despatch of business. The investigation into stranding of steamer Anglia, in Galway Bay, concluded. The Court thought of blaming Capt. Prorose somewhat for running in at night. Had pleasure in returning his certificate.

FRANCE. - Four suspected conspirators were arrested in Paris. They had arrived from England. Three are Italians, named Tambuco, Greeco, and Imperatori. The fourth an assumed name, evidently false. It is asserted that one made complete avowal of the criminal object of the conspiracy. At their residence were found a great quantity of gunpowder, four poignards, four revolvers, four ingenious air guns, eight hand grenades of Orsini pattern, &c., &c. A letter dated Lugano, was found on one conspirator, very compromising to all concerned. Paris correspondent of the Times says insinuations were thrown out that the attitude of the opposition in the Leg-

were it known people were conspiring. The trial of the four Italians takes place at the February Assizes. Nothing discovered to compromise others. Paris correspondent of the Times mentions a case of a large American order for Railway iron being given to a French house-French article being found as good and certainly cheaper than English.

HOLSTEIN QUESTION .- Matters continue threatening. King of Denmark visited the fortifications of Frederickstadt 5th, passed through Flensburg 7th, for Sonderburg Greatest activity in the Copenhagen dock-yards. It is asserted that England addressed a fourth note to Federal Diet urging a conference It is denied that Prussia had withdrawn from proposi

Schleswig almost certain within a brief space. ITALY .- Garibaldi's resignation of seat formally communicated to Italian Parliament on the 7th. Several sale to any "secret agents;" North or South. There is members urged its non-acceptance, but it was finally acdopted, together with resignation of other members of The London Morning Advertiser states on best author-

verse to Treaty of London. Paris, 9th .- The four Italian conspirators arrested came from Italy, not London. Indian Mail, from Bombay Dec. 14th and Calcutta Dec 5th, forwarded per Canada. It is asserted that the dissatisfaction on the Punjaub frontier is greatly exaggerated. It is a mere repetition

of the trifling frontier war such as has been fought twenty times since the annexation of the Punjaub. No later news of military operations. New ship G. H. Warren, of Boston, lost on the first passage to Liverpool. She ran ashore at Carnsore Point, | cle and milk; much used by mothers nursing.

About two years ago the attacks began to terminate in Fits, and finally changed to Fits, and increased know it in frequency, until last summer that I commenced the use of Grahm's Pain Eradicator and Antibilous Pills, and by the use of less than one box of the Pills, and two bottles of the Pain Eradicator, I have been entirely cured.
