DIPTHERIA.—We are frequently called upon to record many fatal cases of Diptheria throughout various parts of this Province, and from its frequent recurrence, it appears to be a permanent disease of the country, and few diseases has have so ters; but the following is what's the matter, and they far failed the skill of our medical men, as this one. know it: It runs its course so rapidly that if proper means are not taken at an early stage, it soon proves fatal. In this disease it may be truly said that delays are dangerous.

It is therefore the duty of the heads of families to have some reliable remedy at hand, and to answer the general enquiry, we would direct attention to Graham's Pain Eradicator, a purely vegetable preparation, which proves an effectual remedy, and is free from anything disagreeable or dangerous in its use, and obviates the necessity of burning the throat with caustic or other irritating substances. This medicine bears the recommendation of a large number of ministers, magistrates, and other influential inhabitants of the place where it is prepared, as a remedy surpassing any other in use. All that is asked for this preparation is a fair trial, which the stimulent, free digestion, good appetite and clear menhas never failed to establish its superiority over the tal faculties. numerous patent medicines in use.

ONE OF

TUNNEWELL'S ECLECTIC PILLS.—THE TRUE FORM OF A CATHARTIC.—By the application of true Medical Laws, both character and economy are combined in this most valuable Pill. To prevent putting into the stomach such quantities of indigestible and injurious drugs usually contained in Pills that require from four to six to get a decent cathartic, and to prevent the Griping Pains so erroneously judged to be evidence of character, was the study in this developement. The dose seldom exceeding one, and never more than two Pills, settles the question of economy, and confidence is asked to test their true character in Dyspepsia, Costiveness, Bil ousness, Liver Complaints, Piles, all derangements of the Stomach and Bowels, and as a true Family Pill. For Worms they are a sure cure.
