[From the Richmond Whig.]

The Charleston Courier makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. The article has a pe- the proper quantity of Cloth is put in the right place. culiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the pattern, setting forth how to prepare the Cloth, cut and great success of the Plantation Bitters of Dr. Drake which, make the Shirts, quantity of Cloth and Trimmings for previous to our unhappy difficulties was found in most Southern homes, was owing to the extract of Calisaya Bark which it contained as one of its principal ingredients. - measure, with directions so plain that any intelligent per "In confirmation of this, we have heard one of our most dis- son will understand them. tinguished physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. There is town of Woodstock, 25 acres of which are cleared, the probably several other things that "Our Government" will

yet want. We know that we have the best and most popular medicine in the world, We are not afraid to show what it is com-

posed of. Physicians are compelled to recommend it.

CALISAYA BARK has been celebrated for over two hun dred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

highly invigorating in nervous debility. WINTERGREEN .- For Scrofula, Rheumatism, &c. ANISE .- An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove buds, orange, caraway, coriander, snakeroot, &c. S.-T.-1860-X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and N. B. Penniac we withold its name for the present. Humbugs and quacks howl about the Plantation Bit-
