[From the Richmond Wf.]
he Charleston Courier makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. The article has a peculiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the great success of the Plantation Bitters is found in most Southern homes, was owing to the extract of Calisaya. Bark which it contained as one of its principal ingredients. "In confirmation of this, we have heard of our most distinguished physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. Now that these Bitters cannot be obtained, a substitute should be prepared.—We understand our Government has opened negotiations with Dr. Drake, through a secret agent, but with what truth we do not know."

We are exceedingly obliged to the Richmond Wf. for its remembrance of "Auld Lang Syne," but we can assure "Our Government" that the Plantation Bitters are not for sale to any "secret agents" North or South. There is probably several other things that "Our Government" will yet want.
We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.
Physicians are compelled to recommend it.
CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.
CASCARILLA BARK.—For Diarrhoea, Colic, and diseases of the stomach and bowels.
DANDELION.—For Inflammation of the Lungs and Dropsical Affections.
CHAMOMILE FLOWERS.—For enfeebled digestion.
LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.
WINTERGREENS.—For Scrophula, Rheumatism, &c.
ANISE.—An aromatic carminative; creating flesh, muscle and milk; used by mothers nursing.
Also, clove buds, orange, caraway, coriander, snake-root, &c.

S.—T.—1860.—X.
Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.
Humbly and gratefully howl about the Plantation Bitters, but the following is what's the matter, and they know it
PLANTATION BITTERS WILL CURE
Cold Extremities and Fervent Lips.
Sour Stomach and Fetid Breath.
Flatulency and Indigestion.
Nervous Affections.
Excessive Fatigue and Short Breath.
Pain over the eyes.
Mental Despondency.
Prostration Great Weakness.
Sallow Complexion, Weak Bowels.
LIVER COMPLAINT AND DYSPEPSIA.
Very particularly recommended to Clergymen, Merchants, Lawyers and persons of Sedentary habits. Also for delicate females and weak persons who require a gentle stimulant, free digestion, good appetite and clear mental faculties.
Sold by all respectable Physicians, Druggists, grocers, Hotels, Saloons, Country Stores, &c.
Be particular that each bottle bears the fac-simile of our signature on a steel-plate label, with our private government stamp over the cork.

A Rare Chance.

FOR SALE. A Farm of 100 acres of Land, in Windsor Settlement, on the Great Road leading to Kentville, within a few miles of Glasville, and connected by roads with Gordonville and Johnsville. It is in a good settlement, handy to mills, and within 100 rods of a Post Office. The land is of excellent quality, is not hilly or broken up at all, less than 40 acres cleared, with a new framed house and barn. The water privilege is superior. A small brook rises on the lot, on which a water mill could be prepared to drive a threshing machine, wood cutter, churn, &c. Owing to the great number of settlers who have flocked into this new country, it is a very desirable locality for a country store.

SHARP'S TONIC

AND
ALTERNATIVE BITTERS.
THIS well-known and unrivalled BITTERS, prepared by a peculiar and elaborate chemical process from rare plants and herbs, and entirely free from all mineral acid and other noxious ingredients, have been long found to be most useful in Dyspepsia or Indigestion, Diseases of the Liver and Kidneys, and Irritability of the Bowels. In all cases of Debility, whether arising from illness, fatigue, or other causes, they will prove eminently serviceable and afford
INCALCULABLE BENEFIT.
And being devoid of all spirituous and other injurious stimulants, may be given with happiest effects to
YOUNG CHILDREN,
correcting in them the tendency to the generation of worms and other bowel complaints.
FOR FEMALES
These Bitters are peculiarly suitable, giving tone and vigour to the system, and imparting renewed strength to the frame, which, when exhausted by

A Substitute for Wine, Brandy, &c.
In diseases wherein those noxious stimulants had hitherto been used with doubtful and precarious efficacy.
A wine glass full, three times daily, (before meals) may be taken by adults; and a tea spoonfull, twice a day may be safely administered to children.
