SATURDAY, SEPT. 23, 1865.

More Important Despatches. The following despatches have found their Gazette. It will be seen how strong the views Confederation are :-

Mr. Sccretary Cardwell to the Honorable A. H. Gordon.

(Copy-New Brunswick-No. 88) DOWNING STREET, 28th July, 1865. Bir,-I have the honour to acknowledge the receipt of your Despatch No. 53, of the 20th of June, reporting that in pursuance of the Resolution of the House of Assembly, the Honorable A. . J Smith, President of the Council, and the Honorable J. C. Allen, Attorney General, had been appointed delegates on behalf of New Brunswick to represent to Her Majesty's Govcrnment the views and feelings of the House and of the people of that Province on the subject of the union of British North America. Having had the honour to confer with these gentlemen, I have answered them in entire accordance with can give no countenance to any proposal which mote, and can only aid in the promotion of a our hold of the key to the province would be never will run, 'in asking one question before I closer union between New Brunswick and Nova | confirmed. Scotia if that closer union be auxilliary to and form part of the scheme for general union. I have, &c.,

Ayer's Pills

RE you sick, feeble and complaining? Are you A out of order with your system deranged and your cleanse out the disordered humors-purity the blood, ous activity, purify the system from the obstructions A great fire occurred at Stamboul, 2,500 buildings which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions The Steamship Australian, with dates to 10th, has of the body, they are rapidly and many of them surearrived.
