

SPECIAL NOTICE.

WORDS OF VITAL INTEREST.

Will the thousands who read columns of frivolous verbiage every day devote a few minutes to the perusal of a few facts which concern them nearly? Our test is health, and we will put our commentary into a nutshell. Weakness is indirectly the cause of all sickness; for if nature be strong enough to resist the morbid influences which produce illness, of course they are powerless. Seek strength, therefore. Invigorate and regulate the system. When the quicksilver ranges from 80 to 90 degrees in the shade, the most athletic are enfeebled and the weak are prostrated. It is at such a time that such an invigorator as HOSSTETTER'S STOMACH BITTERS is urgently needed. What are the effects of this rare Vegetable Tonic? Would that all who have known its benefits could condense their experience into this paragraph. They would tell the healthy, to protect their health they must use this great safeguard against the debilitating influences. They would exhort the weak to discard all unmedicated and impure stimulants and cling to this wholesome and unfailing tonic and alternative as the shipwrecked mariner would cling to a raft in a stormy sea. They would, of dyspeptic pains relieved, of appetite restored, of shattered nervous system, of headaches cured, of disordered functions regulated, of hypochondria dispelled, of nervous diseases healed, of fever and ague cured, of liver complaints arrested, of heat, privation and toil defied, of hope rekindled, and cheerfulness restored. Such are the effects of HOSSTETTER'S BITTERS.

MARRIED

On the 8th inst., by Rev. G. R. Campbell, Mr. Alfred H. Trafton, to Miss Hannah Watson, at Lakewood, on the 21st day, by Rev. F. Harrison, Mr. George Waters, to Miss Hannah Main, both of Simons.
