months. Mr. Thomson, counsel for the Defendant, entered a demurer on the grounds that the jury and lawful men, and the Secretary Treasurer good-making our country better known and its (a coroner's jury) was not composed of 21 good was called to prove that the names of some of the array were not on the legal lists and asked that the case be set aside.

The argument between him and Mr. Fisher turned upon the point whether the fact of one Juror being disqualified vitiated the whole array. His Honor the Judge decided against the demurer and the case proceeded.

The particulars elicited in evidence were that the late F. W. Hatheway presented to his sister Mrs. Dow, one of the Plaintiffs, the lease of a Farm in the Parish of Peel, of which said Hatheway was the owner. This lease was conveyed in 1864 without any previous knowledge or privity on the part of either Dow or his wife. Dow was indebted to Clementson, St. John, and an execution for the amount so owing was put into the Sheriff's hands in 1865, and a levy made of the crops on the farm before mention d, comprising Hay, Oats and Buckwheat, which had been planted and harvested under orders of Mrs. Dow. The levy was made in August. In January the Hay and Oats were sold by the Sheriff, who was indemnified by Clementson's held until the following March and then releas ed, the proceeds of the sale having satisfied the execution.

Of course the counsel for the defence intimated that the transfer of the farm and the occu- by members of Government and Fredericton paner of it by Mrs. Dow, Dow acting as her civic suthorities arrived in Fredericton from agent, were fraudulent, for the purpose of defeat- St. John on Monday and was sworn in October are at hand.

#### S. F. GROSVENOR & SON. Canterbury, sep 29, 1866 COTTON WARPS.

WE would request the attention of those who use COTTON WARPS, to the kind of Warps which we are now manufacturing at the NEW BRUNSWICK COTTON MILLS. We spin Nos. 7's, 8's and 9's, and they are warped and sized by machinery, thus saving much labour, and being better done than by hand.

They have been extensively used through the Province during the last year, and have been proved to be both better and cheaper than any imported either from England or the United States. We intend to manufacture them largely for the next Goods to give them a trial. They can be obtained from the principal Dry Goods Houses in the city and throughout the Province.

WM. PARKS & SON.
