It supplies the surest remedy the world has ever known for the cure of all pulmonary complaints; for Coughs, Colds, Hoarseness, Asthma, Croup, Whooping Cough, Bronchitis, Incipiant Consumption, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American possent to the palaces of European kings. Throughout this peasant to the palaces of European kings. Throughout this entire country, in every state and city, and indeed almost every hamlet it contains, Charry Pretoral is known as the best of all remedies for diseases of the throat and lungs. In many

foreign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them; if we can trust our own senses when we see the dangerous affections of the lungs yield to it; if we can depend on the assurance of intelligent physicians, whose business is to know; in short, if there is any reliance upon any thing, then is it irrefutably proven that this medicine does care the class of diseases it is designed for, beyond my and all other remedies known to mankind. Nothing bu its intriusic virtues, and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the repitation it enjoys. While many inferior remedies have been thrust upon the community, have failed, and been discarded this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cares too nu-
