But the best method, probably, is to feed out the turnips or cabbages immediately after milking, and never to give them any a short time before milking. This will prevent the milk and butter from tasting of the turnips. If you have FROM WOODSTOCK to all parts of the British Prothem to feed to milch cows, therefore, observe this rule, giving the turnips immediately after the morning's milking, feeding out long hay during the day, and giving turnips, if you choose,
