The city was excited yesterday morning, by the Fenians hired Town Hall for three nights to hold the great bays which penetrate into the coast of Desertion.—Three soldiers of the 16th Regt., deserted from a military post near Halifax. They were followed by a Lieutenant, Sergeaut. Corporal and one of the military police, who overtook ral and one of the military police, who overtook is an analysis of the city was excited yesterday morning, by the rumor that orders had been received from Head-quarters for the disbanding of the Volunteer Force now on duty here. The news proved for once to be true—and, by Saturday night, the whole body of citizen soldiers, who have so enlight and one of the military police, who overtook is an analysis of the great bays which penetrate into the coast of rumor that orders had been received from Head-quarters for the disbanding of the Volunteer Force now on duty here. The news proved for once to be true—and, by Saturday night, the whole body of citizen soldiers, who have so enlight past and one of the military police, who overtook is an analysis of the provided from Head-quarters for the disbanding of the Volunteer Force now on duty here. The news proved for one as a soldier in the great bays which penetrate into the coast of Rumor that orders had been received from Head-quarters for the disbanding of the Volunteer with a large force of men ashore at work. A number of Fenians left on a sailing vessel last night-secretly. A large steamer, with American flag and private signations in war. A sort of settlement was reached by the treatment of 1818, but like most internal to the coast of the meetings in; there will be an open session to-night. Another large British America—which bays are to all intents deep sca, and in many cases as open as deep—has been matter of almost constant dispute, and have been matter of almost constant dispute, and have been matter of almost constant of the provide states and in the great bays which penetrate into the coast of the meetings in; there will be an open session to-night.

Another large British America—which bays are to all intents deep sca, and in many cases as open as deep—has been matter of alm them, and captured two of them, the third got vened our streets for a fortnight past, will have despatch from Washington states that the British by the treaty of 1818; but, like most internastrike at some point in the British Provinces, and that a variety of interpretations. At all events the

NEW YORK, April 12, p.m. The Herald's Eastport, Me., despatch of the 11th says, another English war ship, making three altogethe road, they met a man named Beamish whom whole people of Canada have united as one man the last twelve hours, several hundred Fenians have ish marine property. The Treaty vaguely defined they took into the woods and robbed of \$14. in favor of the movement—and had there been quartered themselves at Circles and other places; that boundary as three marine miles from the of which latter there is unidoubtedly a strong feeling. Some local business attended to in Lower Bouse to-day.

Private deepatches from Eastport, do not make matters so alarming as the public ones, but Femalians are helding meetings there and apparently organizing.

Whilst engaged in this act the stage coach passed within fifty yards of them, but the military policeman held inspistod at Beamish's head threatening to shoot him if he gave an alarm. This occurred last Saturday. As the officer and sergeant as a free sides, while working on a brow of logs at Estey's Mills organizing.

Whilst engaged in this act the stage coach passed within fifty yards of them, but the military policeman held inspistod at Beamish's head threatening to shoot him if he gave an alarm. This occurred last Saturday. As the officer and sergeant as a free sides, passed there are an apparently organizing.

An EXPLANATION.—We learn from private advices that some remarks made by us last week veganding the Railway bills and Mr. Connells position, are considered unfounded and unjust.

Private deepatches from Eastport, do not make working on a brow of logs at Estey's Mills made at Estey, was killed on Wednesday last, into the content of the convention of the hold now, that the three bing manufactured there. There is tremedous their there has been a mistorious disappearance of several control that the time being manufactured there. There is tremedous their there are being manufactured there. There is tremedous their the country would have been specific under arms.

But the cevents of the abstraction of the convention of the molnton of the molnton of the molnton of the convention of the conventi Whilst engaged in this act the stage coach passed need for it, the entire available strength of the there has been a misterious disappearance of several coast.
