It was generally conceded that seldom indeed did a case arise in which a Judge is interested to a degree sufficient to influence him in the slightest extent in his de-[Signed] D. Wilson, Private Secretary. cision. Especially in County and Parish rates and taxes, it was absurd to think that a Judge's judgment would be warped, as the amount to which he was interested was intenitesimal. Mr. Anglin related the case to show the absurdity of I have the honor to acknowledge the receipt of the present law in some cases. The International Steamship Co. was assessed a certain amount of taxes for its business done in St. John. Three of the Judges could not try the cause because they

> Wilmot could not try it, because he held stock in the Commercial Bank, and the Bank was a rate payer; Judge Allen held two shares of Commercial Bank Stock, and it was proved by actual calculation that his interest in the cause amounted to the seventh part of a cent; and yet because of this fractional interest, he could not try the cause, and there is no Judge in the land who can sit on Bill and matters bearing directly and indirectly on the subject, progress was reported, with a view of referring it and another Bill, giving increased a special Committee .- Correspondent of Globe.

THE TRUTH IN A NUT SHELL. - The more we think of the condition to which affairs are coming in the United States, the more we are astonished permitting, during the past six months, a force to organize and equip themselves until their numbers are said to amount to 80,000 or 100,000 men, is there none for the opinion of the civilized world? Had Canada suffered such an organizaceived by the United States Government? Cerhardly to be supposed that the American Governthe amendment; we do not near ness.

Mr. Botsford has not yet concluded.

Mr. Botsfor hearts of the American people before their pestilential influence can be subdued. Our neighbors

> FROM EUROPE. - The British Parliament has paid a fitting tribute to its great departed statesman in appropriating a sum of money to raise a monument to Lord Palmerston in Westminster Abbey. And while solicitous for the memory of the dead it has not been forgetful of the living. It has voted for the Princess Helena the sum of £6,000 a year and £30,000 as a marriage portion; and to Prince Alfred the sum of £15,000 a year. In Prussia the Government has carried out the unconstitutional course upon which it entered a couple of years ago, by dismissing the House, because it was not in harmony with the in the United States, which has caused such a Administration; or in other words with Count tremor for a short period, or more vulgarly Bismark.
