EMINENT MEN ASSERT That all are more or less troubled with worms, and that many die annually from this cause, who by the timely administration of a proper remedy, would be saved. and even fatal consequences are produced. The necessity of a safe and sure remedy has caused much research and study by the proprietors of FELLOWS' WORM LOZENGES. They are positively safe, pleasant and effectual. They do not kill the worms, but act by making their dwelling places disagreeable to them. In order, however, to guard consumers against deception by a base compound, the analysis of Dr. A. A. HAYES, State Assayer, proving the above statements, is annexed:—
"I have analysed the WORM LOZENGES pro-

MATTHEW HARRISON. MESSES. FELLOWS & Co: It is due to you, the heads f families, and to the public at large, that I should give a statement of the effects of your WORM LOZENGES in my family. My daughter, aged about five years, had been troubled with a severe cough nearly two years, first in Dorcester, Mass., where our doctor attended her for some time; finding he did not help her, I procured syrups and other common remedies, without giving relief. Since I came to this city, I procured medical aid, and finding the child grew worse, so that we really thought she would die, we despaired of getting a remedy. At last a lady friend called in, and assured us that the child was troubled with worms, and that the cough originated from that cause. I administered your WORM LOZENGES this morning; we were astonished; the child passed over a pint of worms, and some as large as my little finger-Our babe, only seventeen months old, ate two Lozenges, and, although seemingly healthy, it passed a worm at least eight inches long. My children showed symptoms of worms at the time. one of the most pleasant and safe medicines that can be administered. MESSRS. FELLOWS & Cor This is to cert fy that my little boy, aged six years, having been much troubled with worms of late, I administered four of your WORM Lozenges, as per direction, and in nine hours after he passed several large worms. These Lozenges are particularly valuable, as the children are fond of them.
