It is very easy to say of this, or any other Medicine, "It is the very best Remedy known." It is not always so easy to prove it. It is, however, exceedingly gratifying to the proprietor of this Medicine, that, while he declares to the public that this is a most wenderful and effective Specific for Humors, as stated above, he has WANTED,-Hemlock Bark and dry and green abundant proof at hand to sustain his statement. manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it was originated, no remedy for Humors is so highly prized. An eminent physician (now an army surgeon,) when practising in N. H. purchased between fifty and sixty gallons of it, during some seven or eight years, and used it in his practice. He has since then ordered it for the Hospital where he was stationed. Other physicians have purchased it, and have used it in practice with great success. When known and highly valued for the numerous and won derful cures which it effected. Though manufactured in large quantities, the supply was frequently exhaust At a slight advance on cost, to make room for Spring ed, and purchasers had to wait for more to be made. It

Since the P:oprietor's removal to Melrose, Mass, his present residence, he has been regularly selling it to patients who have applied to him in person, and has been very successful in relieving and curing them. One case of Erysipelas—of an old man 72 years—is worth mentioning in particular. When he came to the Doctor's office he could only wear a pair of old rubber overshoes his teet and ankles were so swollen and sore. When he pulled off his socks the scabs came with them. and the raw, bleeding feet, were frightful to behold. Suffice it to say, that less than one dozen bottles of the Humor Doctor (and in a few weeks) healed up those feet and ankles, so that they were smooth and apparent shareholders respectively, and have appointed the 20th For the sake of showing what is thought of it, a few testimonials are here inserted :-

The necessity of a safe and sure remedy has caused much research and study by the proprietors of Fellows' Worm Lozenges. They are positively safe, pleasant and effectual. They do not kill the worms, but act by making their dwelling places disagreeable to them. In order, however, to guard consumers against deception by a base compound, the analysis of Dr. A. A. MESSES. FELLOWS & Co: It is due to you, the heads of families, and to the public at large, that I should give a statement of the effects of your WORM LOZENGES in my family. My daughter, aged about five years, had been troubled with a severe cough nearly two years, first in Dorcester, Mass., where our doctor attended her for some time; finding he did not belp her, I procured syrups and other common remedies, without giving relief.
Since I came to this city, I procured medical aid, and finding the child grew worse, so that we really thought she would die, we despaired of getting a remedy. At last a lady friend called in, and assured us that the child was troubled with worms, and that the cough originated from that cause. I administered your WORM LOZENGES this morning; we were astonished; the child passed over a pint of worms, and some as large as my little finger-Our babe, only seventeen months old, ate two Lozenges. and, although seemingly healthy, it passed a worm at least eight inches long. I am hat py to say that the lit-tle girl, who for five days had eaten scarcely anything has a good appetite, and is now doing well.
