FROM OUR PARIS CORRESPONDENT. PARIS, Sept. 5, 1867.

DEAR EDITOR,-I proceed, according to pronise, to give you a brief statement of my visit to the United Kingdom, &c. I left St. John July 17th in the steamer Acadia, Anchor Line, The Free Christian Baptist Church have been in company with Francis Collins, Esq., of St. John. We had a tedious passage of 16 days and arrived in Glasgow on the 3rd of August. Glasgow is the greatest commercial city of Scotattendance of lay and clerical representatives. land, and has a large capital engaged in manuof visitors, is the construction of iron vessels; as ou know the Clyde built steamships are among

The traveller finds much to interest in an about Glasgow, and he cannot fail to be struck with the solidity of everything that he sees. The city is 22 miles up the Clyde, from which through a small river a truly surprising amount of ship ping clears for all parts of the world. It is said that the first large vessel which reached as far up rendered its charter and ceased its labors, has the river as Glasgow was a St. John vessel, and was taken up by a St. John man, who had shoal man, who did what the people of Glasgow then supposed impossible, was treated with great respublic dinner presented him with a service of silver plate. Since that time the navigation of the river has been, as it is now continually being,

filled up by the addition of Messrs. Beveridge, declared that the building should stand, but centuries afterwards it stood in a state of com-

parative ruins, but within a few years it has been enaired, the windows filled with stained glass, and one portion of it is now used as a Protestant place of worship. It will hold a good many thousands. In one of the chapels may be seen We learn that Hon. Francis Rice, M. L. the tombs of some of the Kings, and in these grounds are buried those who suffered martyrdom for the Protestant religion. But I must proceed Paisley is a large manufacturing town, situated at the mouth of the river Clyde, and is noted for its production of Paigley Shawls and Clark's

Ayreshire is among the finest agricultural districts, and noted for its cattle; the shire town is a fine one, and within a short distance of it stands the splendid monument to the memory of Scotland's poet, Burns, and also the house in which he was born. From Ayreshire I took rail Gelle head, passing through a parrow mountainous pass to the beautiful town of Inverness, the castle of the Duke of Argyle, which is one of magna I had one of the most splendid views to kingdom should fail to go up this mountain, on The Court which is now being held in day in the year in which it is not raining or snowes of the peasantry are low buildings with thatched roofs, wanting in order and not inviting in appearance. Large numbers of sheep can be seen on these mountains, while folds or yards walled in by stone are built at the foot for them. One The Acadian's fling at the Free Baptists is reminded of that passage of scripture " Scattered like sheep upon the mountains, having no henherd." After a ride of 80 miles I arrived at

sabbath. There are here a number of fine protestant churches, but no Catholic; indeed out of Glasgow you will find but few Catholics in Scotland. Here are a number of fine hotels, and

places. From Obin I sailed in a swift steamer How is it, Mr. Editor, that more attention is tons of steel and iron.
