> EFFECT OF MIXING BARIES .- Some time ago there was a dancing party given in Wisconsin, Most of the ladies present had little babies, whose noisy perversity required too much attention to permit the mothers to enjoy the dance. A number of gallant men volunteered to mind the young ones while the parents indulged in & break down" No sooner had the mothers left the babies in charge of the mischievous rogues, than they stripped the infants, changed their clothes, giving the apparel of one to another. The dance over, it was time to go home, and the mothers hurriedly took each a bady in the dress of her own, and started to their homes, some ten or fifteen miles off, and were far on their way before daylight. But the day following there was a tremendous row in the stitlement; mothers discovered that a single night had changed the sex of their babies observation disclosed physical phenomena, and then commenced some of the it required two dees to unmix the babies, and many months to restore the women to their na-tural sweet disposition.
