AN INVALUABLE MEDICINE

For the Purifying of the Blood.

DR. J. W. POLAND'S

HUMOR DOCTOR.

A POSITIVE REMEDY FOR ALL KINDS

OF HUMORS,

PARTICULARLY

Erysipelas, Nettle Rash, Salt Rheum,

Scrofula, Carbuncles, Boils and Piles.

It is very easy to say of this, or any other Medicine "It is the very best Remedy known." It is not always so easy to prove it. It is, however, exceedingly gratifying to the proprietor of this Medicine, that, while he declares to the public that this is a most wonderful and effective Specific for Humors, as stated above, he has manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it was originated, no remed for Humors is so highly prized. An eminent physician (now an army surgeon,) when practising in N. H. purchased between fifty and sixty gallons of it, during some seven or eight years, and used it in his practice. He has since then ordered it for the Hospital where he was stationed. Other physicians have purchased it and have used it in practice with great success. When the proprietor lived in New Hampsihre, at Goffstown Centre, for the space of thirty or forty miles around, and in Manchester particularly, the Humor Doctor was well known and highly valued for the numerous and won derful cures which it effected. Though manufactured in large quantities, the supply was frequently exhaust ed, and purchasers had to wait for more to be made. It that region, some very severe cases of erysipelas were treated with it, -and they were cured. Erysipelas sores or Carbuncles, those ugly painful ulcers, were entirely removed, wherever this medicine was faithfully used So it was with Scrofula and Salt Rheum. The Humon

Doctor cured them. Since the P:oprietor's removal to Melrose, Mass, his present residence, he has been regularly selling it to patients who have applied to him in person, and has been very successful in relieving and curing them. One case of Erysipelas—of an old man 72 years—is worth mentioning in particular. When he came to the Doctor's office he could only wear a pair of old rubber overshoes his teet and ankles were so swollen and sore When he pulled off his socks the scabs came with them. Suffice it to say, that less than one dozen bottles of the Humor Doctor (and in a few weeks) healed up those feet and ankles, so that they were smooth and apparent ly sound. The man wore boots without inconvenience Numerous cases of pimples in the face have been treated with this Medicine, to the entire eradication of them In Melrose alone, there are more than a hundred per sons who have used the Humor Doctor, and give it an excellent name. In all the towns around it is well known and approved. For the sake of showing what is thought of it, a few testimonials are here inserted:-

1 hereby certify that I was sorely afflicted with boils for two years, developing themselves upon my limbs and other parts of my body. The sufferings which I endured from them are indiscribable. Suffice it to say that I faithfully tried several of the most popular humor remedies, but without removing the affliction. At length. by the earnest request of an intimate friend, I was induced to try Dr. J. W. Poland's Humor Doctor and am very happy to attest that all my boils were removed, and my health was restored by using Dr. Po land's aforesaid medicine.

FELLOWS' WORM LOZENGES!

ARE, WITHOUT EXCEPTION,

THE MOST EXTRAORDINARY MEDICINE OF THE AGE,

Comprising, as they do,

REMARKABLE POWER In Expelling Worms,

PLEASANT TASTE AND PERFECT SAFETY They contain

NO MERCURY, NO MINERAL, NO TURPENTINE, NO OIL OF WORMSEED, NO POISON,

They are entirely Vegetable.

NOTHING INJURIOUS.

SYMPTOMS OF WORMS: Itching of the nose, feverishness, twitching or starting suddenly during slee p, pain in the sto-mach, loss of flesh, paleness with hectic, appetite sometimes voracious, at others feeble, a dullness of the eyes, drowsiness, a swelled upper lip, tongue whitely furred, and studded with red spots, fetid or garlie breath, grinding of teeth in all the newest designs, Ripple Beaver, Astrican, Whitney and Sealskin Mantles and Mantle Cloths. A great variety of New Furs, in all the modern styles, during sleep, a sensation of lodgment in the throat, an unpatural craving for dirt, chalk or

clay, fretfulness and irritability of temper, cholie, fits and palsy. INTESTINAL WORMS Are among the first to undermine the constitution, in the list of diseases. They often occasion severe disease, ending sometimes fatally, parti-cularly when they ascend to the stomach. Their presence in their most ordinary situation is attended with unfavorable effects upon the gene-

ral health. EMINENT MEN ASSERT That all are more or less troubled with worms, and that many die annually from this cause, who would be saved. As FELLOW'S WORM LOZEN-GES may be taken without any unpleasant result, and as most children are fond of them, their use is recommended to those apparently healthy, and thus dispel the sense of what would produce suffering.

Be Careful what you Use Various remedies have, from time to time, been recommended, such as Calomel, Oil of Wormseed, Turpentine, &c., so that dangerous and even fatal consequences are produced. The necessity of a safe and sure remedy has caused much research and study by the proprietors of Fellows' Worm Lozenges. They are positively safe, pleasant and effectual. They do not kill the worms, but act by making their dwelling places disagreeable to them. In order, however, to guard consumers against deception by a base compound, the analysis of Dr. A. A. HAYES, State Assayer, proving the above statements, is annexed:—

"I have analysed the Worm Lozenges prepared by Messrs. Fellows & Co., and find that

they are free from mercury and other metallic or mineral matter. These Lozenges are skill-fully compounded, pleasant to the taste, safe, yet sure and effective in their action. Respectfully, A. A. HAYES, M. D., Assayer to the State of Mass."

PLEASE REMEMBER That FELLOWS' WORM LOZENGES are prepared with great care from the concentrated extracts of two plants. They do not act as a purgative or emetic, will not debilitate the patient, are so simple an infant may devour a whole box without harm, and will at the same time expel the worms in an extraordinary manner.
FELLOWS' WORM LOZENGES is the only Worm remedy in existence, combining harmless

qualities with delicious taste and amazing power.

From a Justice of the Peace. ELGIN, U. C., May 12, 1865. MESSRS. FELLOWS & Co.,-Gents: I accidentally sent the other day to a store for some dentally sent the other day to a store for some Vermifuge; and the man, not having much on hand, sent me some of your Worm Lozenges. My children showed symptoms of worms at the time. I gave them according to direction, and in twenty four hours from the time they commenced taking the Lozenges, one (a boy about five years old) had passed twenty-five large worms; the other (a girl three years old) had passed twelve; and I deem it but just to say, that, from this slight acquaintance with your remedy, I feel satisfied that your Lozenges are chean, convenient, safe, and more effectual than cheap, convenient, safe, and more effectual than the ordinary remedies; and as such I cheerfully recommend to all heads of families.

Yours, with respect, JOHN S. COLPITTS, J. P. Rev. Mr. JACKSON, Baptist Clergyman, writing from St. Martins, in reference to the WORM

LOZENGES, says: MESSRS. FELLOWS & Co,-Gents: It affords me great pleasure in saying that I have known in my own family, and in the families of others, wonderful effects produced in the destruction of worms by your WORM LOZENGES; and I can certify most conscientionsly that I believe them to be the most effectual remedy that has ever been invented for the removal of worms from the human stomach; and I hope, gentlemen, in pre-senting such a valuable medicine to the world, that you may receive large patronage from the public in general.

I remain, sirs, yours truly, WELLINGTON JACKSON. St. Martins, N. B., Aug. 15, 1866. Physician's Testimony in favor of Fellows' Worm Lozenges. SALISBURY, July 30, 1856.

Messrs. Fellows & Co., St John,-Gentlemen: I have examined your WORM LOZENGES, and have become acquainted with their effects as an anthelmintic. and have much pleasure in recommending their use as a safe and effectual remedy for worms; and I fully believe that their employment as such will give satisfaction. Yours, respectfully, W. S. FOSHAY, M. D.

Letter from the Rev. Dr. Clay to the Editor of the Christian Visitor. MR. EDITOR,-I was induced to try Fellows' Lozenges. having had a number of children under my care whose stomachs were so irritable the ordinary medicines could not be retained a moment; and the success that followed their use was so complete that I can recommend them as one of the most pleasant and safe medicines that EDWIN CLAY, M. D.

ST. JOHN, N. B., March, 1866.

MESSRS. FELLOWS & Co: This is to certify that my little boy, aged six years, having been much troubled with worms of late, I administered four of your Worm Lozenges, as per direction, and in nine hours after he passed several large worms. These Lozenges are particularly valuable, as the children are fond of them. You are at hierty to use this for the benefit of others.

MATTHEW HARRISON. ST. JOHN, N.-B., Oct. 30, 1866.

MESSRS. FELLOWS & Co: It is due to you, the heads

MESSES. FELLOWS & Co: It is due to you, the heads of families, and to the public at large, that I should give a statement of the effects of your WORM LOZENGES in my tamily. My daughter, aged about five years, had been troubled with a severe cough nearly two years, first in Dorcester, Mass., where our doctor attended her for some time; finding he did not help her, I procured syrups and other common remedies, without giving relief.
Since I came to this city, I procured medical aid, and
finding the child grew worse, so that we really thought
she would die, we despaired of getting a remedy. At
last a lady friend called in, and assured us that the child was troubled with worms, and that the cough originated from that cause. I administered your WORM LOZENGES this morning; we were astonished; the child passed over a pint of worms, and some as large as my little finger. Our babe, only seventeen months old, ate two Lozenges. and, although seemingly healthy, it passed a worm at least eight inches long. I am happy to say that the little girl, who for five days had eaten scarcely anything, has a good appetite, and is now doing well.
