FELLOWS & Co ,-Gents: I nedidentally sent the other day to a store for some Vermifuge; and the man, not having much on hand, sent me some of your WORM LOZENGES. My children showed symptoms of worms at the time I gave them according to direction, and in twenty four bours from the time they commenced taking the Lozenges, one (a boy about five years old) had passed twenty-five large worms; the other (a girl three years old) had passed twelve; and I deem it but just to say, that, from this slight acquaintance with your re- my testimony in favor of your Humor Doctor, as an ex medy, I feel satisfied that your Lozenges are cellent remedy for Humors. MR. EDITOR,—I was induced to try Fellows' Lozenges having had a number of children under my care whose stomachs were so irritable the ordinary medicines could not be retained a moment; and the success that followed their use was so complete that I can recommend them as one of the most pleasant and safe medicines that can be administered. Since I came to this city, I procured medical aid, and finding the child grew worse, so that we really thought she would die, we despaired of getting a remedy. At last a lady triend called in, and assured us that the child was troubled with worms, and that the cough originated from that cause. ladministered your WORM LOZENGES this morning; we were astonished; the child passed over a pint of worms, and some as large as my little finger. Our babe, only seventeen months old, ate two Lozenges, and, although seemingly healthy, it passed a worm at present at the least eight inches long. I am happy to say that the little girl, who for five days had eaten scarcely anything, has a good appetite, and is now doing well.

REPARATOR CAPILLI. For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that nothing will force or hasten the growth of the hair or beard. Their assertions are false, as thoutainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given.
