Erycipelas, Nettle Rash, Salt Rheum,

Scrofula, Carbuncles, Boils and Piles.

It is very easy to say of this, or any other Medicine. "It is the very best Remedy known." It is not always so casy to prove it. It is, however, exceedingly gratitying to the proprietor of this Medicine, that, while he declares to the public that this is a most wonderful and effective Specific for Humors, as stated above, he has abundant proof at hand to sustain his statement. manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it was originated, no remedy for Humors is so highly prized. An eminent physician (now an army surgeon,) when practising in N. H. purchased between fifty and sixty gallons of it, during

some seven or eight years, and used it in his practice

FELLOWS' WORM LOZENGES! ARE, WITHOUT EXCEPTION, THE MOST EXTRAORDINARY MEDICENE OF THE SGE, Comprising, as they do, REMARKABLE POWER In Expelling Worms, PLEASANT TASTE AND PERFECT SAFETY They contain NO MERCURY, NO MINERAL, NOTURPENTINE, NO OIL OF WORMSEED, NO POISON, NOTHING INJURIOUS. They are entirely Vegetable. SYMPTOMS OF WORMS:

Itching of the nose, feverishness, twitching or starting suddenly during sleep, pain in the stomach, loss of flesh, paleness with hectic, appetite sometimes voracious, at others feeble, a dullness of the eyes, drowsiness, a swelled upper lip. tongue whitely furred, and studded with red spots, fetid or garlie breath, grinding of teeth ring sleep, a sensation of lodgment in the throat, an unpatural eraving for dirt, chalk or clay, fretfulness and irritability of temper, cholie, fits and palsy.

INTESTINAL WORMS

Are among the first to undermine the constitution, in the list of diseases. They often occasion severe disease, ending sometimes fatally, partipresence in their most ordinary situation is at-tended with unfavorable effects upon the general health.

EMINENT MEN ASSERT That all are more or less troubled with worms, and that many die annually from this cause, who by the timely administration of a proper remedy, would be saved. As FELLOW'S WORM LOZEN-GES may be taken without any unpleasant result, and as most children are fond of them. their use is recommended to those apparently healthy, and thus dispel the sense of what would produce suffering.

Be Careful what you Use

Various remedies have, from time to time, been recommended, such as Calomel, Oil of Wormseed, Turpentine, &c., so that dangerous and even fatal consequences are produced. The necessity of a safe and sure remedy has caused nuch research and study by the proprietors of FELLOWS' WORM LOZENGES. They are posi-ively safe, pleasant and effectual. They do not kill the worms, but act by making their dwelling places disagreeable to them. In order, however, to guard consumers against deception by a base compound, the analysis of Dr. A. A. HAYES. State Assayer, proving the above statements, is annexed :---

" I have analysed the WORM LOZENGES propared by Messrs. FELLOWS & Co., and find that they are free from mercury and other metallic or mineral matter. These Lozenges are skill-fully compounded, pleasant to the taste, safe, yet sure and effective in their action. Respectfully, A. A. HAYES, M. D. Assayer to the State of Mass."

PLEASE REMEMBER That FELLOWS' WORM LOZENGES are prepared with great care from the concentrated extracts of two plants. They do not act as a purgative or emetic, will not debilitate the patient, are so simple an infant may devcur a whole box without harm, and will at the same time expel the worms in an extraordinary manner. OF FELLOWS' WORM LOZENGES is the only Worm remedy in existence, combining harmless qualities with delicious taste and amazing power.

TESTIMONIALS FROM PERSONS OF THE FIRST RESPECTABILITY IN NEW BRUNSWICK, CONCERNING

Fellows' Worm Lozenges.

From a Justice of the Peace. ELGIN, U. C., May 12, 1865. MESSES. FELLOWS & Co.,-Gents: I accidentally sent the other day to a store for some Vermifuge ; and the man, not having much on hand, sent me some of your WORM LOZENGES. My children showed symptoms of worms at the time. I gave them according to direction, and in twenty four hours from the time they commenced taking the Lozenges, one (a boy about five years old) had passed twenty-five large worms; the other (a girl three years old) had passed twelve; and I deem it but just to s y, that, from this slight acquaintance with your remedy, I feel satisfied that your Lozenges ard cheap, convenient, safe, and more effectual than the ordinary remedies; and as such I cheerfully reconimend to all heads of families.

Yours, with respect. JOHN S. COLPITTS, J. P. Rev. Mr. JACKEON, Baptist Clergyman, writ-
