made a remarkable discovery. He has invented a telescope, or magnifying glass, by which the control of the bond to be so entered into, be well from the date of the bond to be so entered into, be well for the bond to be so

By means of this invention, he has already nearly cured his wife. Six months ago, a wellknown doctor said she could not live, and pronounced her disease to le an affection of the

aid of the wonderful microscope, that he was in future the business will be conducted under the entirely mistaken, the stomach alone being the style and firm of T. B. BARKER & SONS.

TARIFF 1867.

Interpretations and Instructions to be observed throughout

1 .- ACIDS-Acids do rot include "Oripiment" (Yellow) or "Realger" (Red.)

2.—BAGS—Bags when not new may be imported free for the purpose of being filled with Grain, Seed,

such purpose.

4.—CRUDE—The term "Crude" implies the first condition of every article (as merchandise), and applies to Whale Oil, only when landed in their original packages on board ship. See Whale Oil.
5.—GYPSUM—Ground Gypsum may be admitted free when imported expressly as "Manure."
6.—MACHINERY.—The declaration or eath of the

Importer must be given to the effect, that the Machinery, for which exemption is claimed, is to be used in the original construction of a Mill or Factory.

7.—MODELS—Models are held to be such, only when they cannot be used as the articles of which they are said to be the models, such as Stoves or Grates.

8.—PRUNELLA—The article exempted under this head is the fabric generally used for the uppers of La-dies' boots and shoes; any fabric not so generally used should not be admitted. 8 .- SETTLERS EFFECTS-When entry of "Se

tlers' Effects" is not made by the importer in person, his declaration to the correctness of his statement of facts must be made before a Justice of the Peace. The exemption in favor of "Settlers" is not to apply to persons domiciled in Canada, or who have been absent from Canada for a shorter term than five years.

10.—SOLE AND UPPER LEATAER—Sole and Upper Leather does not include Leather dressed and prepared for purposes, other than the manufacture of boots and shoes, the value of which is higher than

sole or upper Leather.

11.—SUGAR—In testing the article of Sugar for duty by the Standards provided by the Department, it is of the highest importance, in the interest of the Revenue and of the fair trader, to establish an uniform system in the use of such standards. A rigid adher ence to the following simple scale, is therefore enjoin ed in the valuation of sugar for duty throughout the

When not equal to No 9...... 1.68 12 .- WHALE OIL-In the entry of Whale Oil, duty free, the importer must produce a certificate duly attested by a Consul or Consular Agent, at the Port of Exportation, setting forth the conditions required by Law, and stating the marks of the casks and the quantities contained therein.

13 .- UNWROUGHT OR ROUGH-The term "Unwrought" applies to stone which has undergone no process of manufacture beyond chipping to reduce bulk. "Rough" to eastings which have undergone no process of finishing, such as filing, tunning or plan-

14.—WOOD—The word "Unmanufactured" is to be at derstood as applying to all timber which has undergone no process of reduction other than rough hewing.

15.—SHIPS' GEAR, &c., &c.—Under the head Ships" it will be observed that four articles, viz:-"Cables of hemp and grass," "Cerdage," "Sail Cloth All Goods are made from the Finest Stock, and are or Canvas, from No. 1 to No. 5." and "Varnish, black sold at prices which compare favorably with those of and bright," are free only when used for Ships or Ves- any other Factory. sels. Entry of these goods must be accompanied with a declaration or oath that they are to be used for vessels only. When duty paid, a Drrwback will be allowed when evidence is furnished satisfactory to the Collector at whose port the duty thereon was paid, that such articles have been actually used in the building, repairing or rigging or outfit of a ship or vessel.

The name of the inventor, who will probably realize a fortune from his discovery, is Go tleb Juntz. He is a very poor but a well-read and highly intelligent man. He has an aged mother, an invalid wife, six childron and a blind sister, all dependent upon him for support.—His mother was well acquainted with the poet Goethe, and it was probably her many anecdetes of this illustrious person which first inspired her son with a desire to do something to win the respect and esteem of his fellowmen.

The glass he has made will probably place him among the first rank of inventors, and win him among the first rank of inventors, and win for him the esteem of whole nations.

By means of this invention he has already on the street of the Provinces of Quebec and Ontario, is hereby revoked.

We have put up and sold this article for over thirty years, and can say, in cofidence and truth of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE to EFFECT a CURM Rheumatism, medicine—NEVER HAS IT FAILED IN A
SINGLE INSTANCE to EFFECT a CURM
when timely used. Never did we know an instance
of dissatisfaction by any one who used it. On the
contrary, all are delighted with its operations, and
speak in terms of highest commendation of its magical
effects and medical virtues. We speak in this matter
that we do know, after thirty year's experience, and pledge our reputation ior the fulfilment of what we here declare. In almost
every instance where the infant is suffering from pain

Young man, are yeu nobly and honorably trying to better your condition? Remember, "Knowledge is Power;" men generally get that position of honor, emolument and dignity for which they prepare themselves. Can you point out any calling or profession, where in so short a time, for such a trifling sum, you may obtain such a ready passport of success? A boundless field of business enterprise lies before you, a vest continent of inexpansible resources. The world gives tone and energy to the whole system.
