Devotes his whole time and attention to the Scientific Treatment and Cure of

**Blindness, Deafness, Catarrh,
BRONCHITIS, DISEASES OF THE THROAT, LUNGS,
AIR PASSAGES,**

Discharges from the Ear, Noises in the Head, Nasal and Aural Polypus, Scrofula Sore Eyes, Films, Opacities, and all Diseases incident to the Eye and Ear. Dr. C. will supply Medicines that will cure that Loathsome Disease, CATARRH, that can be applied at home, and will not interfere with the Patient's daily occupation. Particular attention paid to Discharges of the Ear in Children, which result in PERMANENT DEAFNESS.

Artificial Eyes Inserted without Pain!

CONSULTATION AT OFFICE,...FREE!

But all Letters not from Patients under Treatment, must contain ONE DOLLAR to ensure an answer.

**DR. C. IS NOW AT THE
Cable House, - - - - Woodstock,
WHERE HE CAN BE CONSULTED UNTIL
Saturday Evening, July 18th, 1868,
And Positively no longer on account of Engagements Elsewhere.**

CERTIFICATES.

The Testimonials below are GENUINE, and received in Maine, not from a distance whence it would be difficult to investigate them, and are copied from papers printed where they were received, and their truthfulness vouched for by them. They are now advertised in advance of the Dr.'s visit, that all persons interested, who may be incredulous, can have an opportunity to write or send to any person whose name may be attached to a certificate, or otherwise satisfy themselves. It will be noticed that these cures are permanent.

Testimonial of Miss Lizzie Palmer, Bangor.
[From the Bangor Whig and Courier.]
BANGOR, Feb. 25th, 1868.

I suffered from Deafness and noises in my head fifteen years, and was under the care of eminent physicians without relief. When I consulted Dr. Carpenter in 1865, I could not hear church or fire bells. A course of his treatment removed the noises and restored my hearing, so I can hear a watch tick two feet from my ears.
LIZZIE PALMER,
Cor. Somerset and Centre Sts.

Testimonial of Mrs. M. E. Wyer of Portland.
[From the Portland Press.]

I was so blind from inflammation of my eyes a year and a half as to be led about, and for the last four months totally blind. Was confined to a dark room, and suffered excruciatingly from pains in my eyes and head. My health and nervous system was prostrated, though I am usually very strong and healthy, and I was completely discouraged, for I had been doctored by six eminent physicians without receiving the least benefit, but was entirely blind, when by the advice of my friends, I was induced to consult Dr. Carpenter, at the U. S. Hotel, last winter, and I had been under his care two months only, before the inflammation and pain had left my eyes, and I could see to read and sew and my general health restored. I have had no return of my troubles, and I would advise the blind to consult Dr. Carpenter.

MRS. MARY E. WYER.
PORTLAND, Me., Nov. 28, 1867.

Testimonial of Mr. A. F. Boynton.
From the Waterville Mail.
WEST WATERTOWN, June 27, 1867.

For many years I was afflicted with Chronic Catarrh and Bronchitis. I had a bad cough, dullness, pains and confusion in my head, loss of memory, profuse discharges from my nostrils and throat, digestion, strength and health so impaired as to unfit me for business or exertion, and fast failing; and I do not think I should now be in existence had I not consulted Dr. Carpenter now at the DeWitt House, Lewiston, for all my efforts for relief had been unsuccessful; but knowing that Dr. C. had permanently cured a neighbor (Mr. L. K. Moody) of catarrh and polypus, I was induced to visit him and take a course of his treatment, and I am most grateful to be able to say that his remedies have cured my catarrh and bronchitis, and restored my general health. I reside at West Waterville, where any interested person can see or hear from me.
A. F. BOYNTON.

Testimonial of Theodore Wyman, Esq.
[From the Bangor Whig and Courier.]

After suffering from Catarrh and polypus in my head for six years, I placed myself under the care of Dr. Carpenter, at the Bangor House, in September, 1865. He removed the polypus, and after a course of treatment for Catarrh, I was permanently cured. When I consulted Dr. C. I had copious discharges from my nose and mouth, dullness in the head and much difficulty in talking and breathing; I now have none of these troubles. I reside in Sebco, Me.
THEODORE WYMAN.
Bangor, March 2, 1868.

Testimonial of Miss Laing.
Dr. CARPENTER—DEAR SIR—With great pleasure I wish to inform you that the course of treatment that you prescribed for me at the Bangor House in Dec. 1865, perfectly and permanently cured my eyes. I had suffered terribly with Scrofulous Sore Eyes ten years, and in defiance to physicians' remedies they grew worse. Every spring and fall I was confined to a dark room, suffering excruciating pain from exposure to light. I always think of you with gratitude for the great cure you performed in restoring to me my eyesight. Yours, with sincere thanks,
KATIE LAING.
Passadumkeag, March 18, 1868

From the Lewiston Journal, May 24th, 1867.

Dr. Carpenter, who has been in this city for a few weeks at the DeWitt House, treating diseases of the eye, ear and throat, will leave for Bath in a few days, but we cannot forbear adding a word of special endorsement to the Doctor's skill and ability. There are many good reasons why people should look with distrust upon professionals generally, who practice from place to place. But these do not apply to Dr. Carpenter, who confines his practice to the leading cities and towns in Maine, and has met with great success everywhere he has practiced. He is a reliable and skillful specialist, and a physician of reputation and honor. We are glad that the Doctor has visited our city—a feeling in which large numbers who have received the benefit of his treatment unite. We trust the Doctor's engagements will permit him to visit Lewiston frequently.

From the Maine Farmer of Aug. 30, 1866.

Dr. Carpenter, physician for diseases of the eye, ear, catarrh and throat, has returned to this city and is now engaged in active practice at the Mansion House. The Doctor has the most approved instruments necessary to the practice to which he devotes his exclusive attention, and his "certificates of cures" which have been published in this and other papers of this State, during the past two years, must be satisfactory to the most incredulous. His apparatus for the atomization or pulverization of liquids (so finely that they may be inhaled even by the most susceptible) applies the remedies in direct contact with the diseased surface of the head, throat or lungs, and has been the means of curing hundreds of persons who have tried all other means in their power without receiving any benefit. It will cost the afflicted nothing to call and see the Doctor and examine his instruments and testimonials, as consultation is free.

Certificate of Captain Shute, of Portland.

I suffered from deafness eight years. Was under treatment at the Ear Infirmary of Boston, New York, and Philadelphia, without receiving benefit; but knowing of cases worse than mine, that Dr. Carpenter cured, I was induced to apply to him. On examination the Doctor was not sure he could cure me, but would do the best he could. A course of his treatment has restored me to my natural hearing. Any person desiring to see me can do so on board of bark "Isaac Carver," Union Wharf, Portland.
ALONZO L. SHUTE.

Testimonial of Mrs. S. H. Heath, Gardiner.

Dr. Carpenter—Dear Sir—I write to inform you that the course of treatment prescribed by you for Deafness and noises in the head, while at Augusta, was perfectly successful. I should have written before, but I took a very severe cold, which lasted several weeks, and I waited to see if it would affect my hearing, but strange to say it did not, my hearing remained perfect, and the rushing sound in my ears that was so annoying is gone. Please accept my grateful thanks for your treatment.
Respectfully,
S. H. HEATH.
Gardiner, March 12, 1866.

From the Gospel Banner, Augusta.

AUGUSTA, Sept. 26, 1866.
I suffered from Deafness and discharge from my ear six years, but Dr. Carpenter prescribed for me last winter, and after his applying his remedies three months, I found myself entirely cured and remain so.
FRANKLIN C. COLLIER.

Testimonial of S. W. Pettingill, Esq.
[From the Lewiston Journal.]

From gratitude to Dr. Carpenter, and that others may be benefited, I would inform the public that I was afflicted with that terrible disease Catarrh, more than five years, had a bad cough, and health much reduced when I consulted Dr. C., now at U. S. Hotel, but a course of his treatment cured me entirely. I am now a healthy man once more.
S. W. PETTINGILL.
Lewiston, Nov. 25, 1867.

Certificate of Mrs. Clark Piper.

[From the Whig and Courier of Oct. 2, 1865.]
For the benefit of those suffering from Deafness, I make public my own affliction. I have been growing deaf for fifteen years, and had become quite so; so much that I could not hear a word our minister said at meeting, though he is a loud speaker. By the advice of friends who had been benefited by Dr. Carpenter's treatment, I was induced to go and visit him about six weeks ago, while he was at Augusta. I have recovered my hearing, and can now hear ordinary conversation without inconvenience, and am still improving under the course of treatment prescribed by him. Any person interested, desirous of seeing me, can do so by calling at my residence in Bangor, Oct. 1st.

BENTON, Me., March 16, 1868. Dr. Carpenter—Dear Sir: The above cure proved a PERFECT and PERMANENT one."
MRS. CLARK PIPER.

From the Kennebec Journal of Feb. 27.

Dr. Carpenter, the skillful and popular Oculist and Aurist, who has been at the Mansion House since Jan. 1, closes to-morrow evening a highly successful practice in this city. After a short rest at his home in Norway, he will return, March 7, to Bangor, where he gained a fine reputation last fall as a skillful practitioner and courteous gentleman. The certificates of success in his profession, which have been from week to week published in our columns, have been bona fide to our own knowledge, and in his future travels we wish him all the practice he could desire.—[Kennebec Journal, Feb. 27, 1866.]

Testimonial of Miss Mary Pollard.

SKOWHEGAN, Oct. 22, 1865.
Dr. Carpenter—Dear Sir—According to promise I write to inform you that my deafness and noises in the head (which was of some three years standing) has been entirely removed under the course of treatment prescribed by you. My hearing is now perfect, and no noises in my head.
Respectfully and gratefully,
MARY POLLARD.

Catarrh of Eight Years' Standing Cured.
[From the Maine Farmer.]

AUGUSTA, Feb. 1, 1866.
This certifies that under the care of Dr. Carpenter, now at the Mansion House, my wife has been entirely cured of that loathsome disease, Catarrh, after having been afflicted with it eight years; for which we feel very grateful.
C. D. SMALLEY.

Testimonial of Miss Young, of Bangor.
[From the Bangor Whig.]

Under the care of Dr. Carpenter at the Bangor House, I have been entirely cured of Catarrh, with which I was severely afflicted, and my general health greatly improved.
LOIS E. YOUNG.
Bangor, March 12, 1866.

Testimonial of Mr. William Cartledge, Jr., of Portsmouth.

My ears have been diseased 34 years, and I had become so deaf as to be unable to hear unless addressed very loudly close to my ears. I have been doctored by physicians of Europe, Boston, Philadelphia and other cities, who all promised to cure me, but did not benefit me in the least, and I despaired of help, as physicians in this city pronounced my case a hopeless one; but reading in my paper of Dr. Carpenter's wonderful cures in Maine, the State of his residence, after writing and visiting Maine, and ascertaining that his cures were genuine, and that he was a skillful and reliable physician, I was induced to place myself under his treatment. I have recovered my hearing so I can hear distinctly when addressed but little above the ordinary tone of voice, and am still improving. I would advise all persons affected with diseases of the head to consult Dr. Carpenter, and obtain relief. Shall be pleased to converse with any person interested at my residence on Morning Street.

WILLIAM CARLEDGE, JR.
PORTSMOUTH, N. H., Oct. 3, 1867.

Testimonial of Hon. Z. Collins, Union, Me.

Dr. Carpenter—Dear Sir—Learning you are in Portland, I write for the purpose of informing you that the hearing of my son, Leroy Z. Collins, remains perfectly good. You will remember that in March, 1865, you relieved him of deafness of fifteen years' standing, which had increased to that extent that he was obliged to leave his studies and went to a trade. He is now at the Theological Seminary, Bangor; where he has resumed his studies, which, without your assistance, he never could have done. May you live long, prosper in your profession, and especially cause the deaf to hear, is the desire of
Yours, very gratefully,
Z. COLLINS.

Testimonial of Mrs. B. G. Chadwick.
[From the Maine Farmer of Sept. 13, 1866.]

AUGUSTA, Me., Sept. 7, 1866.
This may certify that I have been entirely cured from chronic catarrh of many years' standing, by one three months course of treatment, prescribed by Dr. Carpenter on his former visit here. When I consulted the Doctor I was suffering from copious discharges and disagreeable sensations in the head, from which I am now perfectly free. I am sixty-six years of age. Any person interested can see me by calling at my residence at South China.
MRS. B. G. CHADWICK.

Discharge of the Ear of 34 Years Standing Cured.
[From the Kennebec Journal of Oct. 5, 1866.]

I placed myself under the care of Dr. Carpenter a year ago, for discharge of the ear, from which I had suffered thirty-four years. After applying the Dr.'s remedies two months, my ear was cured and remains so.
W. F. MORRILL.
Augusta, Oct. 3, 1866. State Street.

SPECIAL NOTICE.

Dr. CARPENTER would say to those afflicted with Blindness, Deafness, Catarrh, Diseases of the Throat, Lungs, or Air-Passages, that he devotes his whole time and attention to the Treatment of these Diseases alone,

And from having had practical experience in thousands of cases, he considers himself better qualified to treat those diseases which are daily presented to him, than Physicians who do not enjoy similar opportunities. His system of treatment can, in most cases, be attended at home, without interfering with the patient's daily occupation. The Dr. is aware of the prejudice existing in regard to travelling Physicians, and does not wonder at it, as these diseases have been much neglected by medical men, and consequently have fallen into the hands of quacks; but are now receiving the attention of many of the first Physicians of the age. In order to disabuse the minds of the people, as far as he, himself, is concerned, the Dr. calls attention to the "Certificates of Cures" above, they being a few of the many received in Maine during the last three years' practice. Hundreds of others, from different parts of the State, can be seen at the Dr.'s office.

Many persons omit to consult Dr. C. until the latter part of his stay, and then have to wait hours, or are unable to see him at all, as his office is usually crowded at that time; therefore, he would advise those desirous of consulting him, to call early as possible, as he has more leisure during the first part of his visit.

Those consulting him may rest assured of being treated with candor and frankness; and in no instance will a case be undertaken that does not show a fair prospect of benefit or cure. A record is kept of all cases, and should the Remedies prove insufficient to perform an entire cure the patient has only to make application by letter, to Dr. C., and the necessary Remedies will be promptly forwarded.

Justice demands that Dr. C. should inform the public that unscrupulous physicians during the past year have copied his Circular almost verbatim. The above Extra has been issued from the KENNEBEC JOURNAL OFFICE, Augusta, several years, the only change being that old testimonials have occasionally been changed for new ones; and the Dr. trusts this Circular will not be laid aside without perusal on account of its resemblance to any heretofore received.

HOME ADDRESS, - - - - - NORWAY, ME.
