Certificate of Mrs. M. A. Hersey, of Bangor.

[From the Whig and Courier, of Dec. 14, 1865.]

I have been afflicted with Deafness and Catarrh many years. Have tried many remedies, and six years ago visited Boston, and was under the care of an eminent physician there without being benefitted; but under the care of Dr. Carpenter, at the Bangor House, my hearing has been restored to a great extent, and my catarrhal affection and general health very much improved, and still improving. I am 59 years of age. I would recommend those similarly afflicted to consult Dr. Carpenter, and receive relief. MRS. M. A. HERSEY.

Bangor, Dec. 5, 1865.

Certificate from Miss M. E. Palmer.

From the Whig and Courier of Nov. 4, 1865.]

This may certify that after suffering with deafness and noises in the head for about fifteen years, I was induced to consult Dr. Carpenter. Under the course of treatment prescribed by him, the noises have ceased, my hearing greatly improved, and is still improving. I have been under the care of several eminent physicians without receiving the least benefit. Any person interested, desirous of conversing with me, can do so by calling at 149 French St. M. E. PALMER

Bangor, Oct. 27, 1865.

Chronic Catarrh of 20 Years Standing Cured.

[From the Maine Farmer of Sept. 20, 1866.]

From gratitude to Dr. Carpenter, and to inform others suffering from that terrible disease, Catarrh, that they can be cured, I make this statement.

I suffered from Catarrh over 20 years, to my constant annoyance and the detriment of my general health. Last winter, when I placed myself under Dr. C.'s care, I had frequent and copious discharges, a bad cough, and my health so much reduced in consequence, that myself and friends were apprehensive of serious consequences, but Dr. Carpenter's remedies cured me, and I am now well and free from Catarrh.

W. N. SOULE.

Corner of Court and Sewall Streets.

Augusta, Me., Sept. 15, 1866.

Certificate of Miss A. L. Staples.

[From the Democrat and Free Press, April 19.]

This may inform those interested, that I have been afflicted with Catarrh during the last twenty-seven years, and for many years I have suffered intensely from pains over my eyes, and across my forehead and top and back part of my head; had profuse offensive discharges from my nose and mouth, noises in my head, and have been deaf as long as I have suffered from Catarrh. My left ear was totally deaf; I do not think I had heard a sound from it since I was two years old, and the hearing of my right ear was so dull that it was extremely difficult to understand, when addressed in the very loudest tone of voice. I was in this condition when I applied to Dr. Carpenter, at the Thorndike Hotel. After examination the Doctor assured me he could relieve me of Catarrh, but said it was doubtful about my recovering my hearing. I placed myself under his care, and I have not language sufficient to express the gratitude I feel for the benefit received from Dr. Carpenter's treatment. I am entirely relieved of my Catarrh, have no pains in my head, no droppings to my throat, and no discharges from my nose or mouth, and my hearing is very much better. I can now hear a watch tick two inches from my left ear, and the hearing of my right ear is much improved. I can now hear conversation distinctly when addressed but little above the ordinary tone of voice. A. L. STAPLES.

Rockland, April 19, 1865.

Testimonial of Mrs. R. D. Hill of Bangor.

[From the Bangor Whig and Courier.]

When I consulted Dr. Carpenter at the Bangor House, in Dec., 1865, I was so afflicted with Chronic Catarrh, that my lungs were affected and my health failing; but a course of his treatment cured me entirely and permanently. My lungs are now healthy, and I have not had a symptom of Catarrh since.

MRS. R. D. HILL,

Residence Cor. Somerset & Essex Sts.

Bangor, Feb. 21, 1868.

From the Lewiston Journal

Our son Samuel has been growing deaf several years, caused by sores in the head, and had become totally deaf in his right ear. We employed several physicians, but received no benefit until we consulted Dr. Carpenter at the DeWitt House, Lewiston. We are thankful to be able to say that under Dr. C.'s care he has received his hearing so he can hear a watch tick six feet from his ear. We reside at Richmond Corner, Me.

MR. BRADFORD HARLOW.

MRS. BRADFORD HARLOW.

Testimonial of Mr. S. Y. Verrill.

[From the Lewiston Journal.]

I have been growing deaf several years. One ear had become entirely deaf, and I was annoyed unceasingly with very disagreeable noises in my head. Under the care of Dr. Carpenter at the DeWitt House, the noises have ceased, and my hearing is restored so I can now hear a clock tick in the next room with the door closed, with either ear. I reside at Minot, Me.

S. Y. VERRILL.

Lewiston, 10th May, 1867.

Certificate of Mrs. Rachel Scholes, of Augusta.

[From the Gospel Banner of Aug. 19.]

For the benefit of those having children suffering from deafness or scrofula, I write to make public the case of my little girl, ten years of age. When she was about two years old, she was very sick with scrofula, and since that time she has had much obstruction with her breathing; been deaf and dumb, has had a profuse and offensive discharge from both her ears and inflammation in both her eyes, most of the time, and latterly one had become entirely blind, and the other so diseased that she could see very little with it, and was obliged to stay in a darkened room. We had done everything we could for her, besides employing several physicians, but she derived very little benefit from either; but we placed her under the care of Dr. Carpenter, at the Augusta House, upon his arrival here, and both myself and neighbors think her improvement almost wonderful. The discharge is entirely stopped in one ear, and nearly so in the other. She can hear when addressed in a loud tone of voice, and she is learning to talk,—can say many words quite distinctly. One of her eyes is perfectly well, and the sight restored to the other, though it is still weak. She breathes much more natural, and her general health and appearance is much improved. When we carried her to Dr. Carpenter, he said it was one of the worst cases he had ever met, but he would do the best he could for her. I can never express my gratitude to Dr. Carpenter, for I could not endure the thought that my child must always be deaf, dumb and blind. She has been an inmate of the Deaf and Dumb Asylum at Hartford, Conn.

Augusta, Aug. 15, 1865. RACHEL SCHOLES.

Mrs. Scholes resides in Augusta, and the account is given by her own hand and is correct.—[Gospel Banner.

Certificate of Miss E. O. Batchelder, of Augusta.

[From the Kennebec Journal of Aug. 4, 1865.]

From gratitude to Dr. Carpenter and a desire to benefit others, I publish this certificate. I have suffered from deafness, noises in the head, and a constant and profuse discharge of offensive matter from both ears for the last ten years. At and previous to the time of placing myself under the care of Dr. Carpenter, I was afflicted with the ear ache, my ears and sides of my face were swollen and inflamed, one ear was totally deaf, and the other so deaf that it was with great inconvenience I could hear when addressed in a loud tone of voice, and my general health so much affected in consequence that my friends were much alarmed. The results of Dr. Carpenter's treatment are, that my ears have stopped discharging, my hearing has returned so that I can hear as well as ever in both ears, and my general health is improving. The cause of my deafness was scarlet fever.

Augusta, Aug. 2, '65. E. O. BATCHELDER.

We have seen and conversed with Miss Batchelder, and her statements are very full and satisfactory as to the benefit she has derived from the medical treatment of the Doctor. This, with other cases which have been brought to our notice, fully warrants us in saying that the skill, energy and success of Dr. Carpenter entitle him to the confidence of all who are afflicted with deafness or with diseases of the eyes.—[Kennebec Journal.

Certificate of Mrs. F. A. Lewis, of Belfast.

[From the Belfast Age of Jan. 12, 1865.]

It is with heartfelt gratitude that I write this certificate. I have been gradually growing deaf for the last ten years, and during the past four or five years have suffered much from noises in my head, have been totally deaf in one ear, and was able to hear so little with the other that I was unable to sustain any part in ordinary conversation, and it was a source of continual annoyance, both to my friends and myself. I have been obliged to absent myself, to a great degree, from church and society, on that account. I tried many popular remedies, and consulted with eminent physicians of this city and Boston, without relief, and was almost convinced that I must remain deaf, but on consulting Dr. Carpenter at the New England House, I was induced to place myself under his treatment, which has restored me to my natural hearing. I can now hear a watch tick six feet from either ear. I am sixty-four years of age. Any person interested can see me by calling at my residence on High Street. I earnestly and cordially recommend those similarly afflicted to consult Dr. Carpenter.

Mrs. F. A. LEWIS.

Belfast, Nov. 27, 1866.

Dr. Carpenter—Dear Sir—My hearing remains perfect.

Mrs. F. A. LEWIS.

We have been acquainted with Mrs. Lewis for years and know that she was deaf and now hears, and believe the above statement to be correct.

Rev. Mr. C. PALFRY, Pastor of 1st Parish, Belfast.

W. M. RUST, editor Belfast Age.

Belfast, Nov. 27, 1866.

Certificate of Miss L. Hovey, of Rockland

[From the Rockland Gazette of April 1, 1865.]

ROCKLAND, March 24, 1865.

This may certify that during the last twelve years I have been afflicted with deafness and noises in my head, and latterly I have become quite deaf and the noises in my head increased so as to become almost intolerable. Such was my condition at the time I applied to Dr. Carpenter at the Thorndike Hotel; but I am happy to be able to state that I have been greatly benefitted by the treatment received from him. My hearing has improved very much. I can now hear ordinary conversation, and the noises in my head have greatly diminished and annoy me very little now. I would recommend those similarly afflicted to visit Dr. Carpenter.

Miss L. HOVEY, School Street.

From the Augusta Gospel Banner of Feb. 16, 1867.

Persons troubled with blindness, deafness or catarrh, will do well to consult Dr. Carpenter. We know him personally. He is a gentleman,—is well read in his profession,—is no humbug or deceiver, will not, as many do, tell the patient he can effect a cure without reasonable grounds for the declaration. He wrought several cures in this vicinity, and essentially helped others who had suffered for years. This is written by the editor of the Banner without solicitation from any one.

Certificate of Mr. David Towle.

[From the Age of Jan. 9, 1865.]

BELFAST, Jan. 23, 1865.

I have suffered from Catarrh in its worst and most disagreeable form, for the last twelve years, have had a constant pain across my forehead, a sensation of tightness and pressure through the upper part of my nose, and most of the time my nostrils were closed and I was obliged to keep my mouth open to breathe. Have had a continual dropping from my head to my throat, and a discharge from my nose and mouth that was very offensive, and my general health much impaired. I have been treated by many unusually successful Physicians, have visited Boston to have the best advice and treatment that could be procured, have spent hundreds of dollars and received no relief, and was almost discouraged, but I called on Dr. Carpenter at the New England House, and have thus far been benefitted much beyond my expectation. I now have no pains in my forehead, and can breathe perfectly free and naturally, my nostrils being open the droppings and discharges from my head and throat have very much diminished, and are now not at all offensive. Any person interested can see me by calling at my residence in Swanville. I cheerfully give Dr Carpenter this certificate, and recommend those suffering from Catarrh to apply to him for relief.

DAVID TOWLE.

From the Waterville Mail of Nov. 25, '64.

Dr. Carpenter, who has so successfully treated diseases of the Eye, Ear and Catarrh, during a few weeks in this place, will leave in a few days for a professional visit in Belfast.

Dr. Carpenter's practice in Waterville has been eminently successful. Severe and almost fatal diseases of the Eye and Ear, and many extreme and protracted cases of Catarrh, have yielded to his scientific treatment like magic. We have seen many of these cases and know of others, and we are convinced that Dr. C. is eminently a candid, honest and scientific Physician, and highly gifted in the special branches to which he gives his exclusive attention. The public are not humbugged, deluded or cheated, and his skill gives new life and hope to the most despairing cases.

Certificate of A. L. Coombs.

[From the Waterville Mail.]

WATERVILLE, Nov. 24, 1864.

In justice to Dr. Carpenter, and for the benefit of others, I would state that my daughter Emma, thirteen years old, has suffered from Catarrh in its worst and most disagreeable form, for about four years. At the time of consulting Dr. Carpenter, she had a constant dropping from her head to her throat, a profuse discharge from the mouth that was very offensive, and her nostrils were completely closed, so that she was obliged to keep her mouth constantly open to be able to breathe. She commenced treatment with Dr. Carpenter the 28th ult., and has improved very rapidly indeed; she has now no dropping from her head, discharges very little, if any, from the mouth, and breathes naturally, her nostrils being perfectly clear. I am perfectly satisfied with the benefit received. A. L. COOMBS.

Voice Restored.

WATERVILLE, Oct. 31, 1865.

This is to certify that after recovering from Typhoid Fever, I was severely afflicted with Catarrhal affection of myhead and throat, and I experienced a loss of voice or months. I placed myself under the care of Dr. Carpenter, and am now well; can converse and sing as well as I ever could, and have no catarrh.

P. SMITH, Main St.

Testimonial of Miss Isabella Q Foye.

[From the Kennebec Journal, Augusta, Me.]

WISCASSET, Jan. 24, 1866.

Dr. Carpenter—Dear Sir—Agreeably to promise I write to inform you of the effect of the medicines I procured of you while you was in Augusta last August. The discharges from my ears, which had discharged sixteen years, were very offensive, and greatly impaired my hearing, have entirely ceased, and my hearing has improved so I can hear nearly as well as anybody.

Very respectfully, ISABELLA Q. FOYE.

From the Portland Press.

Dr. Carpenter, the Oculist and Aurist, who has been spending several months in practice in this city, has had marked success in the treatment of diseases of the eye, ear and throat, as also of catarrh in its worst form. He is well versed in the treatment of the diseases he has made his specialities, gentlemanly in the treatment of patients, and prompt in the discharge of all ecuniary obligations.

From the Bangor Whig and Courier of Nov. 15, 1865.

Dr. Carpenter, Oculist and Aurist, has been located at the Bangor House about two months, treating cases of Catarrh, and also diseases of the Eye and Ear. He makes this part of his profession his especial study, and has all the most improved instruments for treating cases committed to his care. Several marked cures have come under our observation, and we know of many cases being benefitted, which as yet are not entirely cured.

The case of Benjamin Reed, Esq., especially interested us. Ever since the breaking out of the rebellion he has appeared at our counter two or three times a week to purchase papers, and it required considerable effort to talk with him on account of his deafness. Two or three weeks ago he came after his accustomed paper, and to our great astonishment he could hear ordinary conversation with ease. He stated that he owed the return of his hearing entirely to Dr. Carpenter's skill, and a certificate in to-day's paper confirms the statement, and gives a more detailed account of the case.

We have conversed with many others who have been benefitted by the Doctor, and seen innumerable letters testifying to complete cures performed by him, many of which were cases supposed to be incurable. We have at last become satisfied that he is skillful in the class of diseases which he treats, and careful to promise only what he is satisfied he can perform. We understand that he has consented to remain until the 18th of December and treat his numerous patients.

Certificate of Mr. David Davis.

[From the Waterville Mail of Oct. 21, 1864.]

WATERVILLE, Oct. 21, 1864.

For the last four years I have suffered exceedingly with my eyes. There has been a film growing over them and a thickening of the eyelid. Sometimes they were affected with a nervous twitching, and a dry itching sensation, almost intolerable, and recently they have become very much swollen and inflamed. I was also affected with Chronic Catarrh to such an extent that I had discharges or droppings from my head to my throat, a sensation of heat and fullness through my forehead and the upper part of my head. Receiving one of Dr. Carpenter's circulars, I commenced treatment with him, and he has relieved me. All pain and inflammation is gone from my eyes. My sight is perfect, and as near as I can judge, they are as well as they ever were. My Catarrh is also gone. No discharges now, or pains in my head. Shall be happy to converse with any person interested concerning the above statement.

DAVID DAVIS.

Testimonial of Mrs. J. R. Bicknell, Bangor.

[From the Bangor Whig and Courier.]

I suffered from deafness and disagreeable noises in my left ear about 15 years, and it had become so deaf as to be of no help to me in hearing. My right ear was fast becoming deaf, and my nerves and general health were much affected thereby. But reading of Dr. Carpenter's cures, I applied to him at the Bangor House in October, 1865, and thanks to his skill, under his care the noises have entirely ceased, and my hearing is perfectly restored in both ears, and remains so. MRS. J. R. BICKNELL,

Feb. 20, 1868. 72 Broadway.

Testimonial of Ephraim Marriner.

[From the Kennebec Journal.]

AUGUSTA, Jan., 1866.

I have been cured of Catarrh in its most disagreeable form, of many years' standing, by Dr. Carpenter. I suffered from pains, dullness and tightness in my head, continued discharges, great difficulty in talking and breathing, felt as if I had a bad cold the whole time, and suffered intensely to the great impairment of my health, and was quite discouraged, for all I had doctored was of no benefit. But thanks to Dr. Carpenter's skill, I now have none of these troubles. I reside in Whitefield. EPHRAIM MARRINER.

Certificate of Mr. H. D. Leighton, Steuben.

[From the Maine Farmer.]

STEUBEN, Me., 1865.

Dr. Carpenter—Dear Sir: According to promise I write a few lines to let you know how I am getting along with my Catarrh. My health has greatly improved, and my Catarrh so much benefitted that I can now rest all night in my bed and breathe through my nose, a privilege I have not enjoyed for many years. It seems to me as if I was in a new world. My lungs are somewhat pressed yet, and if you can send me anything to relieve them I would be thankful. I have suffered much from Catarrh over 25 years.

Yours truly, H. D. LEIGHTON.

Certificate of Mr. A. G. Blunt, of Portland.

[From the Portland Transcript.

This may certify that Dr. Carpenter, now at the United States Hotel, has cured me of deafness and discharges of the ear of 17 years' standing. I had been doctored by many eminent physicians without relief. Any person interested can see me at Messrs. Blunt & Foss', Middle Street. A BLUNT.

Portland, Me., Jan. 14, 1867.

Catarrh of 10 Years Standing, Permanently Cured.

[From the Waterville Mail of Nov. 11, 1864.]

I had been suffering from Catarrh ten years, and had gradually grown worse until I had very painful, disagreeable sensations through my nose, forehead and upper part of my head, noises in my ears, was fast becoming deaf, and my general health becoming prostrated to such an extent that at the time of consulting Dr. Carpenter I was unable to walk to the Continental House and home again, without becoming completely exhausted, and unable to make further exertion during the day. I can now testify with pleasure to the great benefit received from Dr. Carpenter's treatment. I feel like another being. My Catarrh has gradually disappeared, my hearing is improving, and my general health has so much improved that I can now walk to the Doctor's rooms, return home and resume my household duties without inconvenience. I am forty-seven years of age. Mrs. JACOB S. MAYO.

WATERVILLE, Aug. 5, 1865.

Dr. Carpenter—Dear Sir—My Catarrh remains cured; my hearing is much improved, and my general health better than it has been for 20 years. Mrs. J. S. MAYO.

Certificate of Charles A. Luce.

[From the Maine Farmer.]

KENDALL'S MILLS, Me., June 23, 1865.

Dr. Carpenter—Dear Sir—I am happy to inform you that my ear was effectually cured in five weeks from the time I commenced applying the medicines you supplied me with while at Waterville on the 21st of November last, and I have waited until now before writing, in order to be sure that I was permanently cured. I had discharges every day for 22 years, which had become very profuse and offensive, impairing both my general health and hearing. My hearing has gradually improved since my ear has been restored. I have been doctored by many physicians before I applied to you, but without deriving the least benefit.

Very respectfully yours, CHAS. A. LUCE.

KENDALL'S MILLS, Sept. 18, 1865.

Dr. C.—Dear Sir—My ear remains well.

C. A. LUCE.

Certificate of Rev. W. O. Thomas, Belfast.

[From the Belfast Age.]

BELFAST, Feb. 20, 1865.

This certifies that for five or six years I have been afflicted with discharges from the ears, caused by Erysipelas in the head, which, on taking cold, would become very troublesome, and at times much impair my hearing. I consulted physicians, but obtained only temporary relief. But recently I have obtained great benefit from treatment of Dr. W. H. Carpenter. I feel no inconvenience from my former troubles, and trust it may prove a permanent cure. I take pleasure in recommending Dr. Carpenter to the confidence of my friends, and all who may be afflicted with the diseases which he professes to cure. W. H. THOMAS,

Pastor of Baptist Church, Belfast, Me.

BELFAST, Oct. 11, 1865.

Dr. Carpenter—Dear Sir—Yours is received, and in answer will say that although I have had severe colds, my ears remain perfectly well and my old troubles have not returned. Sincerely, W. O. THOMAS.

Deafness of 15 Years Standing Cured.

[From the Rockland Gazette, April 1, 1865.]

ROCKLAND, April 1, 1865.

In justice to Dr. Carpenter, and for the benefit of others, I would state that I have been troubled with deafness more or less during the last fifteen years, and during the past year my right ear has been so deaf as to be of no use to me, and the hearing of my left ear so much impaired that I was unable to converse with any one unless they spoke above the usual tone of voice; and sometimes had very disagreeable noises in my head. Under the care of Dr. Carpenter, at the Thorndike Hotel, my hearing has now returned. I can now hear as well as I ever could, and have no noises in my head. Any person interested can see me at Camden, where I reside. LEROY Z. COLLINS. I r

Certificate of S. Leighton, Esq.

[From the Belfast Age of Feb. 2, 1865.]

I have been totally deaf in my right ear many years, and suffered much from disagreeable noises in it. Under the care of Dr. Carpenter, at the New England House, the noises have been banished, and I have recovered my hearing. Can now hear distinctly with my left ear closed, for which I am very grateful to Dr. Carpenter, for I have treated with many physicians, and tried many remedies without relief. Any person interested can see me by calling at my residence in Bucksport, Me., or make inquiries of my son, Mr. F. M. Leighton, Main St., Belfast. SAM'L LEIGHTON.

From the Belfast Age of Feb. 9, 1865.

Dr. Carpenter has been in this city several weeks, treating persons afflicted with Deafness, Blindness and Catarrh. A large number have placed themselves under his treatment, and we have not heard of a case in which they have not been cured or benefitted. We have seen and conversed with quite a large number, and all have expressed themselves well satisfied, and many of them are highly enthusiastic in his praise. He is a man of undoubted skill in his profession, and is honorable in his dealings. Persons in this city who have been to the eye and ear infirmaries in Boston and New York without being benefitted, have been entirely cured by him. These facts we can certify.

Testimonial of Mr. W. C. Phillips, No. 115 Broad Street, Bangor, Me.

[From the Bangor Whig and Courier.]

I suffered over fifteen years from Deafness and discharge of the ear, and was doctored by eminent physicians without relief, until I placed myself under the care of Dr. Carpenter at the Bangor House in Oct., 1865. He removed a polypus which had grown there, and after the application of his remedies a few months the discharge was cured, and remains so, and the hearing is good. I am satisfied Dr. C. is a skillful physician, and would advise all persons afflicted with diseases of the head to consult him. Shall be pleased converse with any person interested.

Bangor, Feb. 22, 1868. W. C. PHILLIPS.

Certificate of Mr. L. K. Moody.

WEST WATERVILLE, Nov. 25, 1864.

This may certify that I have been sorely afflicted with Catarrh in my head and throat for the last ten years. I was totally unable to breathe through my nose, and often during the night was troubled with strangulation. I sought relief from many (so called) eminent physicians, but found none until I consulted Dr. Carpenter. On examination he said I had a very large sized polypus in the nasal passage. He removed it skillfully, with little pain, and after four weeks treatment for Catarrh, I am happy to state that I am entirely relieved. There is a clearness of the air passages that I have not known for many years. I would advise others similarly afflicted to consult Dr. Carpenter, and find immediate relief.

LEVI K. MOODY.

Certificate of Mrs. Preston B. Lancaster.

WATERVILLE, Nov. 11, 1864.

For the last four years I have been a dreadful sufferer from Chronic Inflammation of my eyes. Nearly all the time they have been so inflamed that I was unable to open them in the morning, without first bathing them in water, and was obliged to keep them covered several hours during the first part of the day. All the colors of the rainbow and bright rings of light were constantly before me, and I supposed I must inevitably become blind, for I had consulted several eminent physicians and tried many remedies that had benefitted my acquaintances, without relief, but, reading Dr. Carpenter's Certificates, I determined to make one more trial. I did so, and feel that I cannot be sufficiently thankful, for I have been benefitted beyond my highest anticipations. My eyes now open naturally in the morning, the colors have disappeared from before them, and they are quite strong. I reside in North Vassalboro'.

MRS. PRESTON B. LANCASTER.

Certificate of A. R. Greenough, Bangor.

[From the Bangor Whig and Courier.]

I have been a great sufferer from Catarrh. When I consulted Dr Carpenter, at the Bangor House in Nov. '65, I was afflicted continually with severe pains across the upper part of my nose and forehead; my eyes were very weak, and discharged water so freely it was almost impossible for me to read. I was fast losing my memory. My head was so confused that I could not confine my thoughts to any particular subject; was totally unfit to attend to business matters, and my general health fast failing. After applying the medicines prescribed by the Doctor I was cured, and remain so. I can now attend to my business, the severe pains and confusion having left my head. My eyes are strong, can read without inconvenience, and my general health greatly improved. Shall be happy to converse with any person interested.

A. R. GREENOUGH,

Proprietor of National House.

Bangor, Feb. 27, 1868.

Testimonial of Miss S. V. Hathaway.

TROY, Me., Oct. 30, 1865.

Dr. Carpenter:—Dear Sir:—On the 23d of February last, I called at your office in Belfast, and placed myself under your treatment for discharge of the ears, which had continued so long and was so great that it began to affect my hearing. After applying the medicine prescribed by you for two months, my ears were entirely well, and remain the same.

Respectfully, SUSAN V. HATHAWAY.

Testimonial of Mr. J. H. Parker, of Lewiston.

[From the Lewiston Journal.]

LEWISTON, May 11, 1867.

I have been a great sufferer from chronic catarrh. When I applied to Dr. Carpenter I was suffering from it in its most loathsome form. It annoyed me constantly, and was gradually destroying my health. Under the course prescribed by Dr. C., all the worst symptoms have disappeared, and I experience very little inconvenience from it, and am satisfied that I shall receive a permanent cure by following the treatment a short time longer. Hundreds of dollars would not induce me to be again afflicted as I was when I consulted the Dr. Any person interested can see me at my place of business, opposite Lewiston House. J. H. PARKER.
