that it is unnecessary to render accounts.

Carleton Sentinel. Saturday, October 24, 1868.

Agricultural Exhibition. The Show at the Court House and grounds on Thursday of last week, was one which did infinite credit to the " Agricultural Society," and to the County of Carleton. To speak of it in general terms, it was probably the best exhibition of our products ever held, although some of the departments did not fully come up to the standard of former years. There were some 650 tickets issued to exhibitors, every one of

which, we believe, were used. In the Court Room the grains, vegetables, and stoves were placed, the latter from Messrs. Small & Fisher Bro.'s, composed excellent specimens of cooking and parlor stoves, tin-ware, &c. Of the former the number of specimens was large and the quality superb. This may best Church, referred to above, was the Parish articles. be judged by the following figures. Of grain

An engineer, employed in building a bridge in France, lately ordered a block of Stone about 30 feet in diameter, to be broken and there was found in the middle of it a adder as large as a man's fist, twisted nine times round in a spiral line. Accustomed to this dark and close prison, it died in five minutes after being exposed to the open air. An attempt was made to untwist it, but without success. The stone round which it lay was quite smooth. On a careful examination the the stone.

The latest invention is a machine for sorting potatoes at the rate of a bushel a minute.

A Lynn Shoemaker claims the championship for making fifteen pairs of Ladies' gaiters in tenhours.

A STRANGE STORY ABOUT THE IRISH SEC.

RETAYSHIP.—There is a curious story told about the Irish Secretaryship. It is said that Mr. Clonel Patten took it because no one else would. The antipath of the post arises out of a circumstance in the remember the outcry that was quite smooth. On a careful examination there was not found the least hole or crevice in the stone.

The latest invention is a machine for sorting potatoes at the rate of a bushel a minute.
