GOVERNMENT HOUSE, OTTAWA, Friday, 24th January, 1868. } PRESENT:

His Excellency the Governor General in Council.

ON the recommendation of the Honorable the Minister of Customs, and under the authority given and conferred by the 123 clause of the Act 30 and 31 Vict. Cap. 6, intituled, "An Act respecting the Customs."

His Excellency in Council has been pleased to make and prescribe the following "Regulations" respecting the Warehousing and bonding of Wheat, Maize or other Grain that may be ground and packed in bond, that is to say:

1. That the Collector or other Officer of Customs at any Warehousing Port in the Dominion of Canada, may deliver without payment of duty, to the Importer of any Maize or other grain from which flour or meal can be manufactured, on proper entry being made of the same, any quantity of such Maize or other grain for the purpose of drying, grinding and packing it, such place and on such premises as shall be particularly described by such importer or owner.

2. That such buildings used for drying, grinding and packing of Maize or other grain and the premises thereto belonging, with the description to be given thereof as aforesaid, shall, for the purposes of drying, grinding and packing Maize and other grain under the above mentioned Act, be deemed and considered a Government Bonded Warehouse, and that none of the Maize or other grain so brought into the said drying, grinding and packing building or upon the said premises, shall be removed therefrom without a proper ex-warehouse entry and due payment of all duties on the same, if intended for home consumption within the said Dominion, or upon due entry thereof for removal or exportation under the usual bonds; nor shall any flour, meal or other products from the maize or other grain aforesaid, be removed from the said premises without due entry as aforesaid, either for consumption as aforesaid, for removal or exportation and payment of all Customs duties legally due on the flour, meal and other products into which the said maize and other grain shall have been manufactured as the case may be, allowance having first been made of five per cent on the said flour or meal for shrinkage in those cases in which the corn or other grain has been kiln-dried before grinding.

3. That before the importer or owner of any maize and other grain aforesaid shall, for the purpose of drying, grinding and packing, be entitled to obtain the delivery thereof either ex-ship upon their importation into the said Dominion, to be carried immediately to the drying, grinding and packing buildings and premises aforesaid, or out of any Customs Warehouse, in which the same may be warehoused, he shall give bond with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such Maize and other grain are imported or warehoused, in a penalty of double the amount of duties payable on the same, with the conditions that the whole amount of the duties so payable upon the quantities of maize and other grain so delivered upon arrival or out of Warehouse as aforesaid, for the purpose of being dried, ground and packed in bond, shall within six months from the date of the bond to be so entered into, be well and truly paid to the Collector of Customs aforesaid for the use of Her Majesty, and the said importer or owner shall, before he can obtain the delivery aforesaid, further enter into and execute to the Collector for the use of Her Majesty as aforesaid, a general bond, the said importer or owner in the penal sum of one thousand five hundred dollars, and two approved sureties in the sum of three hundred and seventy-five dollars each, conditioned that at no period shall the quantity of maize or other grain, or the product thereof in the said building or premises be less than the quantity on which the bond or bonds for duties hereinbefore mentioned, shall be outstanding and unpaid.

4. And for the purpose of further securing the due observance of the foregoing Regulations, the Collector of Customs, the Surveyor of Customs or warehousekeeper or other approved officer of Customs at the port where the maize and other grain shall be so bonded, or at the port nearest to the said drying or grinding and packing premises, shall at all times when such operations are being carried on therein have free access to and upon the said drying, grinding and packing buildings and premises for the purpose of verifying the quantity of maize or other grain and their products therein, and any reasonable expenses attending such inspection shall be borne and defrayed by the importer or owner of the maize and other grain so undergoing drying, grinding and packing in Bond.

The order of His Excellency in Council of the 1st August, 1867, prescribing Regulations on the above subject, but restricted to the Provinces of Quebec and Ontario, is hereby revoked.

WM. H. LEE, Clerk Privy Council.

DR. LA'MERT

ON THE

PHYSIOLOGY OF MARRIAGE;

A POPULAR MEDICAL REVIEW of its Social, Moral and Paysical Obligations, and on the various Disqualifying Causes which in both Sexes prevent the fulfilment of its Personal Duties and the attainment of its legitimate Objects. With an essay on the Functional Disorder of the Reproductive Organs, arising from solitary habit or excesses, and on the Treatment and Cure of Nervous Debility, Physical Incapacity, Spermatorrhœa, Impotence and Sterility—founded on the results of 25 years' successful practice.

By S. LA'MERT, M.D., L.S.A., &c.,

37, BEDFORD SQUARE, London.

A distinguished Queen's Council, in addressing the Court of Queen's Bench in reference to this work, observed—"This is an extremely valuable book, written by an eminent and experienced medical man, upon one of the most important and interesting subjects of life, which every one, married or single, ought to be acquainted with." It points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered.

Dr. LA'MERT, Doctor of Medicine of the University of Erlangen, Licentiate of the Royal Society of Apothecaries of London, Honorary Member of the London Hospital Medical Society, &c., is the only regularly qualified practitioner, who, for 25 years, has devoted his entire attention to the cure of these disorders, which imperil the very fountain of life, health and vigor, but which owing to the great discoveries of modern science are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation, personally, or by letter, from 10 till 2, and from 6 till 8 daily, at his residence, 37 Bedford-square, London.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

TARIFF 1867.

Interpretations and Instructions to be observed throughout the ports of the Dominion of Canada in operating the Tariff Act of 1867.

1.—ACIDS—Acids do not include "Oripiment" (Yellow) or "Realger" (Red.)

2.—BAGS—Bags when not now may be imported free for the purpose of being filled with Grain, Seed, or Wool for exportation—on bonds for exportation being given—or the amount of duty deposited, at discretion of the Collector.

3.—CHURCH BELLS—In the admission of Church Bells duty free, the Collector must be duly certified of the intention of the importer to use them only for such purpose.

4.—CRUDE—The term "Crude" implies the first condition of every article (as merchandise), and applies to Whale Oil, only when landed in their original packages on board ship. See Whale Oil.

5.—GYPSUM—Ground Gypsum may be admitted free when imported expressly as "Manure."

6.—MACHINERY.—The declaration or oath of the Importer must be given to the effect, that the Machinery, for which exemption is claimed, is to be used in the original construction of a Mill or Factory.

7.—MODELS—Models are held to be such, only when they cannot be used as the articles of which they are said to be the models, such as Stoves or Grates.

8.—PRUNELLA—The article exempted under this head is the fabric generally used for the uppers of Ladies' boots and shoes; any fabric not so generally used should not be admitted.

8.—SETTLERS' EFFECTS—When entry of "Settlers' Effects" is not made by the importer in person, his declaration to the correctness of his statement of facts must be made before a Justice of the Peace. The exemption in favor of "Settlers" is not to apply to persons domiciled in Canada, or who have been absent from Canada for a shorter term than five years.

10.—SOLE AND UPPER LEATAER—Sole and Upper Leather does not include Leather dressed and prepared for purposes, other than the manufacture of boots and shoes, the value of which is higher than sole or upper Leather.

11.—SUGAR—In testing the article of Sugar for duty by the Standards provided by the Department, it is of the highest importance, in the interest of the Revenue and of the fair trader, to establish an uniform system in the use of such standards. A rigid adherence to the following simple scale, is therefore enjoined in the valuation of sugar for duty throughout the Ports of the Dominion:—

When equal to No. 1	per 100 lbs	$3.00	
" " " 3 but not equal to No 1,	"	2.60	
" " " 6 " " " 3,	"	2.25	
" " " 9 " " " 6,	"	1.90	
When not equal to No 9		1.68	

12.—WHALE OIL—In the entry of Whale Oil, duty free, the importer must produce a certificate duly attested by a Consul or Consular Agent, at the Port of Exportation, setting forth the conditions required by Law, and stating the marks of the casks and the quantities contained therein.

13.—UNWROUGHT OR ROUGH—The term "Unwrought" applies to stone which has undergone no process of manufacture beyond chipping to reduce bulk. "Rough" to castings which have undergone no process of finishing, such as filing, turning or planing.

14.—WOOD—The word "Unmanufactured" is to be understood as applying to all timber which has undergone no process of reduction other than rough hewing.

15.—SHIPS' GEAR, &c., &c.—Under the head "Ships" it will be observed that four articles, viz:—"Cables of hemp and grass," "Cordage," "Sail Cloth or Canvas, from No. 1 to No. 6" and "Varnish, black and bright," are free only when used for Ships or Vessels. Entry of these goods must be accompanied with a declaration or oath that they are to be used for vessels only. When duty paid, a Drrwback will be allowed when evidence is furnished satisfactory to the Collector at whose port the duty thereon was paid, that such articles have been actually used in the building, repairing or rigging or outfit of a ship or vessel.
