ing testimony and arguments should be recon-ciled. If the matter is put in a fair and proper Nays-Messrs. Clowse, Williams, Simpson, position I and my constituents are willing to give assistance. I am not willing to go into it in the Bradstreet, White, Kilburn, Lovely. Lost. way we went into Confederation ; to find, as in Council adjourned. ourstadue of this instance, that it turns out badly, although I think better of Confederation than I did before, and am amused at the position of those who Warden in the chair; Councillors all present were so warm for it, but are now the loudest Minutes of yesterday read and approved.

against it, and who having set the trap sprung it On motion of Mr. White, seconded by Mr. upon themselves. Mr. Crawford-My impression is that both parties in this debate have carried matters to extremes to-day. There is no doubt a railroad that the Secretary Treasurer have authority to is a good thing whether we have one or not, but take his recognisance at any time. I do not like to have people coerced into a mea-sure without their being first consulted and their Mr. Dibblee presents a petition from David F.

<text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> bushels of oats a year the increased value, or saving of 1 cent a bushel, would be equal to \$30,000 in 3 years. In one way the road will not help Woodstock; it will increase the price of country produce and thus effect their pockets —this not only owing to the increased facilities for getting away to market, but also because i will bring more population in and thus create a larger home market. But of course Woodstock

JAN. 17.

S. H. be relied on. He must know the superior importance of a line which will open up the best portance of a line which will open up the best settlement land of the Province, (this last idea in a sort of epitome of the scale of expenses in the southed a adopted by the Canadia Gor-met are backe), especially when that line is shorter and the line of the United States is, I believe, \$25,000, and most contents at the filler, the relation of the United States is, I believe, \$25,000, and the line is should be lacking in every propriet of the advocates of what should be lacking in every propriet and thick propulated country and our own the should be lacking in every propriet who have line arguing and the line content is should be lacking in every propriet and thick propulated country and our own humanity should he not be advocates of what should be lacking in every propriet who him have has against of the varies ingets in the states and the states are are the should be lacking in every propriet who him have has against of the varies ingets ingets in the states are are to should be lacking in every p Hayward, G. W. Tinker, H. E. Dibblee, S. H. be relied on. He must know the superior im Shaw, D. Tompkins and W. C. Bull, with a re- portance of a line which will open up the best quest to report to-morrow at 10 o'clock, a.m. Mr. S. H. Shaw moved, seconded by Mr. Dib-settlement land of the Province, (this last idea blee, in amendment, Resolved, That the Council a correspondent of the News sneers at without a be a committee to confer with the Railway Board rebuke), especially when that line is shorter and with regard to progress of work on the Railway at Woodstock, and the state and condition of the finances, &c.; and that said conference be held ing St. John as directly as possible on the line of On motion of Mr. White, seconded by Mr. Williams, ordered that a tavern license be grant-ed to Jas. R. Tracey, Simonds, for 6 mos., and Board at 10 o'clock to-morrow morning. Amend-board at 10 o'clock to-morrow morning. Amend-board at 10 o'clock to-morrow morning. Amend-On motion of the Councillors of the several cious reasoning of the advocates of what should ment carried.
