READ THIS.

New Albany, Ind., March 12, 1867. For forty years I have been afflicted with costiveness, and for the last twenty was compelled daily to resort to injections to secure an evacuation. In December last I commenced the use of Radway's Pills. After taking a few doses, my liver, stomach, and bowels were restored to their natural strength and duties. I have now a regular movement once a day, and, although 80 years of age, feel as hearty and strong as I did 40 years

an analysis of RADWAY'S REGULATING PILLS. "The Faculty of the College state in their report that after a careful and minute examination they have the honor to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favorably upon the nervous system, &c. They state, further, that the injurious reports set affect by the Program continued. ious rumors set affoat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief period." In cases where natural evaquations are difficult to secure, and a quick discharge is essential, take six of Radway's Pills and pulverize them,—take the pill powder in water or preserves,—in half an hour they will operate. We have known the most distressing pains of Gastritis, Bilious Cholic, Inflammation, Congestion, &c., stopped, and the retained irritating humors expelled from the bowleds in thirty minutes by this treatment. It is, however, better in chronic cases to take the pills as they are, and let them gradually dissolve in the stomach. These Pills possess in the highest degree cathartic, aperient, tonic, and dispharetic properties. They do not weaken or debilitate the system or any of its organs, and will leave the bowels regular and healthy. They purify and equalize the circulation of the blood.
