The only

day borders on the panic of 1857, and threatens to be equal in scope and disaster. It is creating ap-prehensions among bankers and brokers, and has prehensions among bankers and brokers, and has caused an enormous depreciation in stocks. Railway shares were sold by the thousands and Governments bonds by the million. Trade is standing still in all directions. The money markets is unchanged. Government's opened heavy and at a decline, but afterwards became firmer. Border State bonds are all lower. Gold weaker; Foreign Exchange dull. Miscellancens shares generally participate in the Miscellancens shares generally participate in the capable me to resume my work. I can allow the benefit I have received from your celebrated Salve. I was afflicted with a severe felon on one of my fingers. I tried many remedies without relief. My friends having seen your Salve advertised in the Villager, induced me to apply it. I complied with their request. In two days it extracted the inflammation from my finger so as to apply it. iscellaneous shares generally participate in the enable me to resume my work. I can almost say the general depression. LONDON, Nov. 6.—The Times to-day has a leader on

LONDON, Nov. 6.—The Times to-day has a leader on the result of the Alabama negotiations which it infers from speeches of American Minister has been brought to a satisfactory conclusion. It exults in the solution of the question, and praises Mr. Johnson not only for the frank and conciliatory manner in which he has conducted this controversy, but also for his manly and straightforward utterance in regrad to the payment of the public debt. The Times declares that the tone in which Mr. Johnson repudiates tampering with the national credit as a fraud, shows that the higher classes of America politicians recognize the sameprinciples of mora.

ANSWER.—Radway's Pills are composed exclusively of vegetable extracts, and are disclved in the stemach, and their properties absorbed through the circulation, acting on the blood, chyle, bile and other fluids of the system, passing off through the exerctions, and not like mercury, calomel, corrosive, sublimate, antimony and the common drastic substances, that form the basic of ordinary pills, accumulate in the system and become deposited in the bones, joints, eartilages and glands of the system, but they communicate their curative influence through the blood, chyle, bile, sweat, urine, etc.

Correcting, regulating, purifying, cleaning and purg-

functional harmony to the secreting veet of every gland and organ.

Ameebury, March 22, 1862. MR. GRACE:—I write to acknowledge the benefit I have received from your celebrated Salve. I was afflictyour Salve worked like magic upon my finger, for it effected a cure without leaving a scar. I unhesitating
