Ayer's Cathartic Pills, For all the purposes of a Laxative Perhaps no one medicine is so universally required by everybody as

into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangoments as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—
For Hyspepsia or Indigestion, Listlessness, Languer and Loss of Appetite, they should be taken moderately to stimulate the stemach and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Eleculache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For Dysentery or Diarrheea, but one mild dose is generally required.

For Ethermatism, Gont, Gravel, Palnication of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the state of the system. With such change those complaints For IDropsy and IDropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.
As a Dinner Pill, take one or two Pills to pre-

mote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the diges-DR. J. C.
