> Ayer's Hair Vigor,

> For restoring Gray Hair to its natural Vitality and Color. A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray

hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair

from turning gray or falling off, and

consequently prevent baldness. Free

from those deleterious substances which

make some preparations dangerous and

injurious to the hair, the Vigor can

only benefit but not harm it. If wanted merely for a HAIR DRESSING. nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
