ANECDOTE OF LAMARTINE. - Madame Audou ard tells this story of Lamartine, and his visit to the cedars of Lebanon : "These cedars," says Lamartine' are grand and impressive; they know history better than history knows herself; they astonish the people of Lebanon." On reaching the spot, Madame Audouard saw what seemed a group of dwarfed and worn-out trees of no beauty or majesty whatever. Her guide asked her if he should carve her name with that of Lamartine. She asked if he had accompanied the poet on his visit to the spot .- "Ac companied him! no, for he never came here He sent me to carve his name, while he remain ed in Beyrout, as everybody else dose."

Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. no harm can arise from their use in any quantity.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—
For Hyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrheea, but one mild dose is generally required. dose is generally required.

ON THE RESERVE PHYSIOLOGY OF MARRIAGE; POPULAR MEDICAL REVIEW of its Social.

By S. LA'MERT, M.D., L.S.A., &c., 37, BEDFORD SQUARE, Lendon.

A distinguished Queen's Council, in addressing the Court of Queen's Bench in reference to this work, observed—"This is an extremely valuable book, written by an eminent and experienced medical man, upon one of the most important and interesting subjects of life, which every one, married or single, ought to be acquainted with." It points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. Dr. LA'MERT, Doctor of Medicine of the University of Erlangen, Licentiate of the Royal Society of Apothecaries of London, Henorary Member of the London Hospital Medical Society, &c., is the only regularly qualified practitioner, who, for 25 years, has
